**Subject:** Procurement Pre-Approval: N. Richland Hills purchase from Siddon-Martin Emergency Group

Billy and Scott,

Please accept this as documentation of NCTCOG's pre-approval for the City of North Richland Hills to purchase a fire truck using Buy Board's Proposal No. 571-18 , and the Contract award to Siddon-Martin Emergency Group. I have confirmed that necessary required 2 Code of Federal Regulation (CFR) 200 clauses, as well as House Bill 89 confirmations are included in the proposal, proposal response, and contract award documentation.

One last thing, as a reminder, to effectuate the security interest requirement under Article 2.8 of the Agreement, the City of North Richland Hills will need to identify NCTCOG as the first lienholder on the vehicle titles.

As always, please do not hesitate to let me know if there are questions.

Respectfully,

---
