Kudos Korner:

Every Council Meeting, we spotlight our employees for the great things they do. Tonight we recognize:

Courtney Kincaid, Marcy Tannahill and Kori Talfa at the Library – A patron recently shared her appreciation for the Digitize It Station that lets people convert old media, like VHS tapes, to a digital format. She said she's incredibly grateful to have this free resource, since professional digitizing wasn't in her budget. She recently surprised her mother and brother with digitized family videos, and it meant a great deal to them. Thank you to Courtney, Marcy, and Kori for creating the Digitize It Station and making moments like this possible.
