

CITY COUNCIL MEMORANDUM

FROM: The Office of the City Manager **DATE:** June 13, 2016

SUBJECT: Consider Ordinance No. 3414, amending the City's Code of Ordinances Chapter 98, Article XII - Aquatics Facilities

PRESENTER: Stefanie Martinez, Neighborhood Services Director

SUMMARY:

Consider Ordinance No. 3414, amending the City's Code of Ordinances Chapter 98, Article XII – Aquatics Facilities. Also consider retitling the Code from Swimming Pools to Aquatics Facilities.

GENERAL DESCRIPTION:

The purpose of this article is the establishment and amendment of the minimum standards for the construction, operation and maintenance of public and semipublic aquatic facilities. Due to the additional types of facilities now available it is recommended that the title of the Code be changed from Swimming Pools to Aquatics Facilities. Further, this code reflects and formalizes current inspection methods by Consumer Health and requirements set forth by State law.

This amendment also allows for reinspection fees due to closure or pre-operation failures of public or semipublic aquatic facilities. Additionally there is a nominal fee now allowed for the registration of Certified Pool Operators for these facilities.

RECOMMENDATION:

To approve Ordinance No. 3414.
