

Security Control & Camera Takeover

PARTS

North Richland Hills

1220 System: Our jail control system is meticulously crafted to empower jailers in efficiently managing daily operations and ensuring facility security. Tailored specifically for seamless integration with your facility, our intuitive interface simplifies inmate monitoring and facility control. With centralized management of intercoms, doors, CCTVs, and lighting, our system streamlines operations, enhances situational awareness, and promotes a safe and secure environment for all stakeholders.
