2001-130 (Steel Pole)

2001-130 High Powered Outdoor Siren

The Federal Signal 2001-130 siren is a high power, rotating, unidirectional outdoor warning siren. The high-decibel output provides maximum coverage with minimum installation cost. The siren's projector produces a 60-degree projection of sound which rotates at 3 RPM and can produce three distinct warning signals: steady, wail and fast wail.

Credit Card Purchases

Please indicate upon acceptance whether you will be paying by credit card as a customer. Our internal sales team will contact you via phone to process the credit card payment.

TIPS Terms & Conditions

Contract Number: 220105

Purchase Orders: Please issue all POs to Federal Signal and reference the TIPS contract number.

The Interlocal Purchasing System (TIPS) is a national purchasing cooperative that offers access to competitively procured purchasing contracts to its membership. TIPS is housed at and managed by the Region 8 Education Service Center located in Pittsburg, Texas. Learn More About TIPS: www.TIPS-USA.com

The governing framework for all terms and conditions shall be the TIPS contract 220105 held by Federal Signal.

Terms & Conditions

Prices are firm for 30 days from the date of quotation unless shown otherwise. Upon acceptance, prices are firm for 6 months. This quotation is expressly subject to acceptance by Buyer of all Terms stated in the Terms document, available for download on this quote. Any exception to or modification of such Terms shall not be binding on Seller unless expressly accepted in writing by an authorized agent or Officer of Seller. Any order submitted to Seller on the basis set forth above, in whole or in part, shall constitute an acceptance by Buyer of the Terms. Any such order shall be subject to acceptance by Seller in its discretion. If the total price for the items set forth above exceeds \$50,000 then this quotation IS ONLY VALID if countersigned below by a Regional Manager of the Safety & Security Systems Group, Federal Signal Corporation. Installation is not included unless specifically quoted as a line item above. Adverse Site Conditions, including rock, caving soil conditions, contaminated soil, poor site access availability, and other circumstances which result in more than 2 hours to install a pole, will result in a \$385.00 per hour fee, plus equipment. Trenching is additional. Power Clause, bringing power to the equipment is the responsibility of the purchaser. Permit Clause, any special permits, licenses or fees will be additional.
