Hello Mr. Husband,

I'm writing you today to voice my support for the permits for HTeaO and the vet clinic. I, myself, am tired of seeing empty retail spaces around town. We should be welcoming these businesses rather than putting hurdles in front of them.

I hope the right things get done at the P&Z meeting. Please help to get these permits approved and show businesses that NRH is the place to be.

Sincerely,
Ron Daley

Hi Clayton,

Per my VM, I just wanted to express my support for the special use permit that is needed for HTeaO and the Vet Clinic.

Thank you for all you do to bring wonderful new businesses into NRH!

Clayton,

I am in favor of the Special Use Permit for Berry Creek Village. I have lived in the area for 30 years and am excited to have an overnight Vet Clinic and HTeoO close to my home.

Good evening,

I am emailing in support of the SUP request for Berry Creek Village. This would allow the vet office and HTeaO to be added. I know personally how popular HTeaO is and know people that drive to Grapevine just to get it. I would also love a vet clinic close by.

Thank you.
Lauren Luke

Good Morning,

I am writing in support of the special use permits for Berry Creek Village. Being a pet owner; a close by vet clinic would be great for the area.

The development with an HTeaO drive thru would beautify the existing overgrown area.

Thank you for your time.

Sincerely,

Ryan Luke

Just wanted you to know we live in the neighborhood behind the development that wants to put in the Tea place and the overnight vet clinic. We are in support and excited to see business's being out there.

Blessings.
Joey and Amy Normand

Hi Clayton,

It was brought to our attention that you were the person to contact regarding support the overnight vet clinic as well as the HTeaO Drive thru at Berry Creek Village.

Although both of these sound like wonderful new additions to our community, our concern (as well as our neighbors') is our privacy during all hours during this new development.

We purchased a home in the gated community behind the development two years ago and enjoy having privacy in our backyard and neighborhood.

Bringing in these businesses will bring more people (at all hours of day and night), right behind our home and ability to view straight into our back yards where our children play.

If the developers have a plan to block off visibility of our neighborhood, perhaps by replacing the metal gate with a full wood gate that cannot be seen through, then we would be happy to support this new development. Otherwise, we are not a fan.

Thank you for considering our opinions when deciding how to further progress the new development space.

Date: Thursday, September 15, 2022 2:04:34 PM
Attachments: [Property Owner Notification.pdf](#)

Good afternoon, Ms. Ortiz -

Thank you for your email regarding case ZC22-0033. Your input will be forwarded to the Planning & Zoning Commission and City Council for their review and consideration as this case follows the zoning change request process. Public hearings for this case are scheduled for Thursday, September 15 (Planning & Zoning Commission) and Monday, October 10 (City Council). Both public hearings will be held at 7:00pm in the City Council Chamber on the third floor of NRH City Hall, 4301 City Point Drive.

Regarding your question about additional owners who are opposed to this item, I will point you to Section 211-006 of the Texas Local Government Code:

(d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either:

(1) the area of the lots or land covered by the proposed change; or

(2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.

(e) In computing the percentage of land area under Subsection (d), the area of streets and alleys shall be included.

I have attached additional exhibits for you. This is a multi-page document. The public hearing notification map (last page) establishes the 200 foot boundary referenced above. If 20 percent of the area within the 200 foot boundary opposes the case, City Council must have at least 6 votes in favor of the request for it to be passed.

Please call or email if you have any additional questions.

Thank you and take care,

Clayton Comstock, AICP, CNU-A

Subject: Proposed development case: ZC22-0033

We are opposed to the above noted development. Our concerns are how close the dog run is to our property. The two things of concern are the noise of the dogs and the inevitable smell.

We would also like to get information on how to go about getting a plurality of homeowners/property owners who are opposed to this to put that forward. Also, what would a plurality be?

Thank you for your attention to this matter.
