Good Morning Mr. Husband,

I am writing to express support for Christina Mailloux and her efforts bring Hounds Town to North Richland Hills. I have known Christiana for over a decade a now, having hired her myself to be on my team for a real estate investment bank in 2012. I've also had the pleasure of working with her again several years after leaving that institution as an independent commercial real estate professional. Christina is a focused, hardworking individual who cares about the community and area in which she grew up and chooses to remain a resident. She is also a compassionate pet owner focused on the proper care and wellbeing of animals.

I hope the City Council will approve her application(s) and move forward with allowing the operation. It would be a benefit to the community and to pet owners in North Tarrant County and NRH.

I am available at your convenience to answer any questions or provide further input.

Regards,

Kathleen Copeland

Clayton and NRH City Council,

I am writing in this email of support for Christian Mailloux and her new business of Hounds Town NRH.

Christina and I met through a business networking group she started (Colleyville Commerce). Since my introduction to her and involvement with Colleyville Commerce, she has demonstrated healthy leadership, determination and high levels of empathy for our networking membership.

As a leadership development executive coach and trainer, I have witnessed growth and maturity in Christina over the past year and have full confidence in her business plan as well as leadership skills for herself, business and future employees.

Please consider this email, as my offer of full support for the approval of Hounds Town NRH and Christian Mailloux.

Subject: Council Meeting - Hounds Town
Date: Sunday, June 16, 2024 8:22:42 PM

NRH Council,

I would like to express my thoughts on the possible Hounds Town business. I grew up in North Richland Hills and still own a home there that I now lease. Dogs are like family in my home and I know how important dogs are to others. I lease my home and allow large dogs which I have learned is quite rare. I feel like a business like Hounds Town is highly needed in North Richland Hills. A place that people can take their dogs for the day while they go to work or a place to leave them while they vacation and feel confident they are being cared for. I think the location is great because it is so close to the freeway and on the way to the airport. I hope you see the benefit of this type of business and approve the request.

Sincerely,
Lesley Miley
