

Warren Plaza

The red square indicates the intended parking spaces for our event center. Currently there are 25 spaces within the square that is open during the regular business hours of my neighbors. I would kindly ask that you don't consider Swanky Spaces to be apart of peak periods of parking since most events will be held after regular business hours. Operating after business hours will allow us more parking spaces in which can be up to 40 spaces on the high end. Keep in mind, both units are vacant on either side of my unit. The post office closes at 7pm Mon-Sat and is closed in Sunday. Draper Floors closes at 6pm Mon-Sat and is closed on Sunday.
