The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission has adopted rules necessary to implement the law, prescribed the disclosure of interested parties form, and posted a copy of the form on the commission's website.

Filing Process:

The commission has made available on its website a new filing application that must be used to file Form 1295. A business entity must:

- 1) Use the application to enter the required information on Form 1295,

The governmental entity must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. The commission will post the completed Form 1295 to its website within seven business days after receiving notice from the governmental entity.

Unless otherwise specified, all loss or damage to the Contractor arising out of the nature of the work to be done, from the action of the elements, from any unforeseen circumstances in the prosecution of the same, from any unusual obstructions or difficulties which may be encountered in the prosecution of the work shall be sustained and borne by the Contractor at his own cost and expense.

25. PROTECTION OF ADJOINING PROPERTY

Contractor shall take proper means to protect all adjacent or adjoining properties in any way encountered which might be injured or seriously affected by any process of construction to be undertaken under the Agreement. Any such indemnity shall not apply to any claim of any kind arising out of the existence or character of the work, if such damage is caused by Owner or Project Manager.

26. LAWS AND ORDINANCES

The Contractor shall at all times observe and comply with all Federal, State and local laws, ordinances and regulations, which in any manner effect the contract or the work. If the Contractor observes that the plans and specifications are at variance therewith, he shall promptly notify the Project Manager in writing, and any necessary changes shall be adjusted as provided in the contract for changes in the work. If the Contractor performs any work knowing it to be contrary to such laws, ordinances, rules and regulations, and without such notice to the Project Manager, he shall bear all costs arising there from.

The Contractor shall defend, indemnify and hold harmless the Owner and respective officers, agents and employees, from and against all damages, claims, losses, demands, suits, judgments and costs, including reasonable attorneys' fees and expenses, arising out of or resulting from the performance of the work provided that any such damages, claim, loss, demand, suit, judgment, cost or expense:

29. WORKERS COMPENSATION INSURANCE

As required by the Texas Workers' Compensation Commission Rule 28, 110.110, the Contractor shall also carry worker's compensation insurance. The Contractor's failure to comply with any of the provisions of this Rule will be considered a material breach of contract by the Contractor. The City will have the right to declare the contract void if the Contractor does not remedy the breach within ten calendar days after receipt of notice of breach from the City.

The successful Contractor must provide a certificate of coverage to the City prior to being awarded the contract. If the coverage period shown on the Contractor's current certificate of coverage ends during the duration of the project, the Contractor must file a new certificate of coverage with the City Purchasing Division showing coverage has been extended. The Contractor shall obtain from each sub-contractor providing services on the project a certificate of coverage, prior to that person beginning work on the project. Sub-contractor certificates must also be submitted to the Purchasing Division.

30. WAGE RATES

The successful contractor shall be required to comply with Chapter 2258 of the Texas Government Code with respect to the payment of prevailing wage rates. Chapter 2258 states contractors and subcontractors shall not pay less than the prevailing wage rate to all laborers, workmen, and mechanics employed by them in the execution of the contract. Contractors should familiarize themselves with the entire provision of this law and the penalties provided for its violation before submitting their bids.

No portion of this provision shall be construed to prohibit the payment of more than the stated wage rate to any laborer, workman or mechanic employed on the project. It shall be the responsibility of the Contractor to maintain an adequate work force whether higher wages are required or not.

The State of Texas has adopted the Federal Davis-Bacon wage rates for the use in Texas pursuant to and in accordance with the Texas Government Code, Section 2258.022. The U.S. Department of Labor web site may be accessed at www.access.gpo.gov to obtain the appropriate wage rates to be used in Tarrant County, Texas.

It shall be the responsibility of the successful contractor to obtain the proper wage rates for Tarrant County for the type of work defined in the bid specifications.

The City will audit the contractor and all sub-contractors employed by contractor to ensure they are paying the prevailing wage rate weekly. Contractor and all sub-contractors must submit certified payrolls on a weekly basis per the [Contractor's Application](#) that must be filed prior to bidding. In the event an audit is performed, the contractor shall be required to supply a certified copy of the records showing the prevailing wage rates have been met.

31. TIME AND ORDER OF COMPLETION

It is the meaning and intent of this contract, unless otherwise herein specifically provided, that the Contractor shall be allowed to prosecute his work at such times and seasons, in such order of precedence, and in such manner as shall be most conducive to economy of construction; provided, however, that the order and the time of prosecution shall be such that the work shall be substantially completed as a whole and in part, in accordance with this contract, the plans and specifications, and within the time of completion designated in the Proposal and each Scope of Work.

The Contractor shall submit, at such times as may reasonably be requested by the Project Manager, schedules which shall show the order in which the Contractor proposes to carry on the work, with dates at which the Contractor will start the several parts of the work, and estimated dates of completion of the several parts.

32. EXTENSION OF TIME

Contractor shall give the Project Manager immediate notice in writing of any delay in completion of project. If the Owner decides an extension of time is justified, the Project Manager shall issue a written extension of time for completing the work specifying the date by which the work shall be completed. Such extension shall be sufficient to compensate Contractor for the delay.

33. LIQUIDATED DAMAGES FOR FAILURE TO COMPLETE WORK ON TIME

The Contractor agrees that, from the compensation otherwise to be paid, the Owner may retain the sum of Two Hundred Twenty-Three Dollars (\$223.00) (daily liquidated damages rate) for each calendar day after the agreed Date of Completion that the work remains incomplete. Both parties have had the opportunity to assess the basis upon which the daily liquidated damages rate is based, and such rate is agreed upon as the proper measure of liquidated damages that represents a reasonable and fair estimate of damages which the Owner will sustain per diem by the failure of the Contractor to complete the work at the time stipulated in the contract. This sum is not to be construed in any sense as a penalty. The written acceptance of this calculation, which is separately agreed to by the parties, shall be incorporated into this contract.

34. PRICE OF WORK

The Owner agrees to pay the Contractor for furnishing of all necessary labor, equipment and material, and the satisfactory completion of all work, the prices set forth in the Proposal hereto attached, and an amount not exceeding the Contract Price, which has been made a part of this contract. All materials embraced in the completion of this Contract must be in full conformity with the specifications and stipulations herein contained.

35. USE OF COMPLETED PORTIONS

The Owner shall have the right to take possession of and use any completed or partially completed portions of the work, and use shall not be deemed an acceptance of any work not completed in accordance with the contract documents.

The Contractor shall notify the Project Manager when, in the Contractor's opinion, the contract is "substantially completed" and when so notifying the Project Manager, the Contractor shall furnish to the Project Manager in writing a detailed list of unfinished work. The Project Manager will review the Contractor's list of unfinished work and will add thereto such items as the contractor has failed to include. The "substantial completion" of the structure or facility shall not excuse the Contractor from performing all of the work undertaken, whether of a minor or major nature, and thereby completing the structure of facility in accordance with the contract documents.

36. DEFAULT / PAYMENTS WITHHELD

Owner may declare Contractor in default of this Contract in the event Contractor fails to comply with the terms and conditions set forth in this Contract or any of the Contract Documents. In addition, the Owner may, on account of subsequently discovered evidence, issue a stop work order, withhold payment, withhold or nullify any certificate to such extent as may be necessary to protect himself from loss, and/or declare Contractor in default on account of any of the following:

- (1) Defective work not remedied.
- (2) Claims filed or reasonable evidence indicating probable filing of claims.
- (3) Failure of the Contractor to make payments properly to Sub-Contractors or for material or labor.
- (4) Damage to another contractor.
- (5) Reasonable doubt that the work can be completed for the unpaid balance of the contract amount.
- (6) Reasonable indication the work will not be completed within contract time.

When the above grounds are removed or the Contractor provides a Surety Bond satisfactory to the Owner, which will protect the Owner in the amount withheld, payment shall be made for amounts withheld because of them.

37. TIME OF FILING CLAIMS

It is further agreed by both parties hereto that all questions of dispute or adjustment presented by the Contractor shall be in writing and filed with the Project Manager within ten (10) days after the Project Manager has given any directions, order or instruction to which the Contractor desires to take exception. The Project Manager shall reply within ten (10) days to such written exceptions by the Contractor and render his final decision in writing.

38. ABANDONMENT BY CONTRACTOR

If the Contractor shall fail to commence work within ten (10) calendar days after written notice to commence is served on Contractor or if the Contractor stops work or fails to pursue work in a timely fashion and fails to resume and pursue work in a timely fashion within ten (10) calendar days of a written notice of work stoppage or failure to pursue work in a timely fashion, or if the Contractor fails to comply with orders consistent with the contract documents, the Owner may declare the Contractor in default and the contract abandoned, and direct the surety on the performance bond with a written notice to complete the work. A copy of the notice to the surety shall be served on the Contractor.

After receiving the notice of abandonment, the Contractor shall not remove any materials or supplies from the job site.

After the contract is declared abandoned, the Owner shall be entitled to pursue any legal remedy and to seek damages for breach of contract from the Contractor and, to the extent that it fails to honor its obligations under the performance bond, from the surety on the bond.

39. DURATION OF AGREEMENT AND PRICE ADJUSTMENTS

The successful bidder will be awarded a twelve (12) month agreement effective the date of award. Prices are to remain firm for the twelve (12) month agreement period. At the City's option, the agreement may be renewed for four (4) additional twelve (12) month periods at a price proposed by the contractor. The Contractor shall submit the renewal proposal with price changes and justification to the Purchasing Department at least sixty (60) days before the expiration of the current agreement. Increase in contract pricing shall not exceed the consumer price index of the Dallas/Fort Worth standard metropolitan statistical for the previous twelve (12) month period or 5%, whichever is less. Renewal shall be at the sole discretion of the City of North Richland Hills departments utilizing the contract. All areas of non-conformance shall be submitted in writing to the Purchasing Manager and must be corrected within 10 days from date of notification. The quantities listed are estimated quantities using the best information available. The City reserves the right to choose the items that will be purchased and to purchase more than or less than the quantities listed.

40. SUBCONTRACTORS

Any subcontractor who furnishes labor or materials to fulfill an obligation to Contractor under this Contract or who performs all or part of the work required by this Contract, must comply with all notice and filing requirements of Texas Property Code, Chapter 53 in order to perfect a mechanic's, contractor's or materialman's lien. If a subcontractor complies with Chapter 53 of the Texas Property Code, Owner shall be authorized to withhold payment from the Contractor for payment of the claim. Owner shall release any such payment to the Contractor upon written notice and sufficient documentation to Owner from subcontractor that the claim has been paid or otherwise settled.
