A Letter from the Director

Dear Community Members

Welcome to our 2025 Mayor's Summer Reading Club! I'm so happy to invite you and your family to join us for a summer filled with exciting programs, opportunities to be creative, and, of course, great books centered around an art-inspired theme, "Color Our World."

Reading over the summer isn't just fun; it's also incredibly beneficial. It helps prevent the "summer slide" for students, keeps minds sharp, and fosters creativity and curiosity in readers of all ages. Whether you're discovering a new favorite author, embarking on an adventure through the pages of a book, or sharing stories with family and friends, reading opens doors to endless possibilities. Arts and crafts programs help children develop focus and problem-solving skills that support their success in other areas of their lives. Reading + Art = A Summer of Fun!

Inside this guide, you'll find activities and special events designed to help you "color" your world, with arts and crafts programs and special events from animal programs to musical performances. A heartfelt thank you to our dedicated staff who worked hard to create these wonderful programs and events—their passion and creativity make this summer possible!

Here's to a summer full of stories, smiles, and colorful memories.

See you at the Library!

Cecilia Barham
Director of Library Services
