STREET IMPROVEMENT PROJECT SUMMARY

MAIN STREET

- Rehabilitate existing asphalt street
- Traffic calming & pedestrian crossing improvements at Snider & Main

SNIDER STREET

- North of Main: Construct new concrete street; angled on-street parking, 8+' sidewalk, grated street tree wells, street lights on east side only
- South of Main: Rehabilitate existing asphalt street; streetscaping on both sides, but on-street parallel parking striped on east side only

CENTER STREET

- Construct new concrete street
- Streetscaping & parallel on-street parking on east side only

Estimated Cost:
\$1,488,000
