1. DEFINITIONS

All other capitalized terms used but not defined in this NI Pricing Schedule have the meaning given them in the Master Agreement.

AT&T Equipment includes any internal code required to operate such Equipment. AT&T Equipment does not include Customer Equipment or Purchased Equipment.

2. SERVICES

AT&T will provide AT&T Network Integration Services bundled with AT&T Equipment (“Services”) as specified in a Statement of Work (“SOW”) in the United States only. This NI Pricing Schedule states the terms and conditions governing SOW’s and Equipment Order Lists (“EOL’s”) for Services. Attached to this NI Pricing Schedule is an SOW detailing the types of Services provided as well as commensurate charges or an EOL (collectively, “Attachments”) which become effective and incorporated into this NI Pricing Schedule upon the Effective Date. AT&T may subcontract work to be performed hereunder but shall retain responsibility for all such work.

3. STATEMENT(S) OF WORK

- A. Unless earlier terminated as described below, an SOW is deemed terminated when the parties’ respective obligations have been fully performed or when it is otherwise terminated according to its terms.
- B. In the event of an inconsistency among terms, the order of priority is: (i) the applicable SOW; (ii) the NI Pricing Schedule and (iii) the Master Agreement.

4. INTELLECTUAL PROPERTY RIGHTS

- A. All intellectual property and proprietary rights arising by virtue of AT&T’s performance of the Services are and will remain the sole and exclusive property of AT&T, and neither ownership nor title to any such property will pass to Customer.
- B. Customer shall retain those copies of any reports produced and furnished to Customer by AT&T (“Reports”), and Customer is hereby granted, under AT&T’s copyrights, the perpetual, non-exclusive, personal and non-transferable right to reproduce and modify Reports for Customer’s own internal business purposes. For avoidance of doubt, “internal business purposes” exclude public distribution, resale to third parties and revenue generation purposes.
- C. AT&T hereby grants to Customer the non-exclusive, personal, and non-transferable right to use any items other than Reports produced and furnished to Customer by AT&T under this NI Pricing Schedule, solely for Customer’s own internal business purposes during the term of this NI Pricing Schedule, or for such other purposes as may be mutually agreed in writing by the parties.
- D. Except as otherwise specified herein, no other right or license to or under any of AT&T’s intellectual property rights is either granted or implied hereunder.

5. WARRANTY

The provision of Services hereunder shall be performed in a workmanlike manner that would meet commercial industry standards in the field to which the work pertains as well as any standards set forth in the applicable SOW.

6. INVOICING AND TAXES

The SOW specifies the charges that Customer shall pay for Services. Invoices for Services are issued monthly and payable by Customer thirty (30) days from the invoice date. Taxes are not included in charges detailed in the SOW.

7. TERM AND TERMINATION

This NI Pricing Schedule shall remain in effect until terminated by either party on not less than thirty (30) days’ prior written notice to the other party (“Pricing Schedule Term”); *provided that*, the terms and conditions of this NI Pricing Schedule shall continue to govern, through completion of performance (or earlier termination), all SOWs in effect on this NI Pricing Schedule’s termination date. Termination charges, if any, shall be as specified in the applicable Attachment.

8. LIMITATION OF LIABILITY

For purposes of this NI Pricing Schedule and SOW’s placed hereunder, any limit or cap on liability contained in the “Limitations of Liability” article 6.1(a) (v) of the Master Agreement is superseded by the following: EACH PARTY’S

If Customer does not obtain maintenance services under this NI Pricing Schedule, Customer shall, at its own expense, enter into and maintain in force a contract with the manufacturer or other maintenance organization approved by AT&T covering maintenance of each unit of AT&T Equipment; Customer shall furnish AT&T with a copy of such maintenance contract. "Return Condition" means Customer shall return, at its cost and expense, the AT&T Equipment to AT&T in good repair, working order, with unblemished physical appearance and with no defects which affect the operation or performance of the AT&T Equipment, normal wear and tear excepted. Return Condition also indicates that the AT&T Equipment will be eligible on expiration or termination of this NI Pricing Schedule for acceptance by the manufacturer, or a manufacturer certified third party maintenance organization. Customer further agrees that, in any event, it will be liable for any deficiency after any sale, lease or other disposition by AT&T; (3) The remedies herein provided in favor of AT&T in the event of Customer's default as hereinabove set forth shall not be deemed to be exclusive, but shall be cumulative and shall be in addition to all other remedies in its favor existing in law, in equity or in bankruptcy.

Customer further acknowledges and agrees that the Assigned Assets may be further sold, transferred, and assigned by Assignee to any other person or entity without notice to or the consent of Customer. Customer shall not be entitled to assign its rights and obligations under the Master Agreement without the express written consent of Assignee.
