C.1 SUP 2016-06, ORDINANCE NO. 3446, PUBLIC HEARING AND CONSIDERATION OF A REQUEST FROM ARCADIA LAND PARTNERS FOR A SPECIAL USE PERMIT FOR SINGLE-FAMILY COTTAGE LOTS LESS THAN 40 FEET WIDE IN THE HOME TOWN CANAL DISTRICT LOCATED IN THE 8800 BLOCK OF BRIDGE STREET.

APPROVED

Mayor Trevino opened the public hearing and called on Planning Manager Clayton Comstock to introduce the item.

Planning Manager Clayton Comstock informed Council the applicant is requesting a Special Use Permit for twenty-two (22) single-family cottage lots within the Town Canal District, located in the 8800 block of Bridge Street. The area is designated on the Comprehensive Land Use Plan as Town Center and the current zoning is TC Town Center. Mr. Comstock presented site photos of the property.

Applicant Katherine Hodge, 3500 Maple Avenue, Suite 1165, Dallas, Texas 75219 presented item. She provided an overview of the development that began in 1999. The

Special Use Permit is for twenty-two (22) cottage lots that are 35 feet in width. The cottages range from 1700-2525 square feet with a price range of \$314,000-\$391,000. The development will include a canal with front facing cottages.

In response to questions from Council, Ms. Hodge identified parking areas in Phase 5. She commented that the canal will have three weirs to aerate the water and the depth of the canal is two feet in sections with an area that will be nine feet deep. The greenery depicted on the rendering for the canal will consist of aquatic plants. She confirmed the aquatic plants would not include cattails. The homeowner association will be responsible for maintaining the canal. Ms. Hodge confirmed the streets and alleys meet specification for city emergency vehicles.

Planning Manager Clayton Comstock presented staff's report. In July 2014, City Council approved a Special Use Permit submitted by Arcadia Realty Corporation for nineteen (19) cottage lots in Phase 4. Mr. Comstock pointed out the twenty-two (22) single-family cottage lots take the place of approved town home lots, which results in an overall decrease in density. He informed Council an amendment to the Town Center Zoning District would come forward to decrease the number of town homes permitted on this phase from ninety-four (94) to seventy-three (73). The application offers diversity to housing options in Home Town. He commented there are additional architectural standards for cottage lots in the Town Center Zoning District. The submittal is reviewed by the town architect and city personnel. In response to parking for Phase 5, the cottages that front the canal will have rear parking located on Morris Mews, garage parking and a short driveway on each lot. As required for Town Center, all lots contain off-street parking. Visitors will be able to park along Morningside Drive, Morris Mews and Mangham Street. The Planning and Zoning Commission, at their January 19, 2017 meeting, recommended approval with a vote of 7-0.

In response to questions from Council, Mr. Comstock commented that depending on the layout of each lot the driveway may accommodate a vehicle without sticking out into the street. Residents also have the option to parallel park in the driveway while staying out of the alley. In addition, they will also have their individual garages as required by City Code. He informed Council the applicant is required to submit a Special Use Permit for Phase 5A to consider a retention pond. The Council will have the opportunity to include stipulations with regard to vegetation associated with the canal. The Special Use Permit will also include a developer's agreement for the maintenance of the retention pond. Mr. Comstock informed Council the canal is intended to be recirculating and continuously flowing to discourage stagnant water. In response to emergency vehicles having access to the cottages facing the canal, Mr. Comstock informed Council the alleys are larger and meet the City's Code for adequate access of emergency vehicles.

Mayor Trevino called for anyone wishing to speak for or against the request to come forward. There being no one wishing to speak, Mayor Trevino closed the public hearing.
