Good Morning,

- Our Contracts do not require Council Consideration - if there are Renewals remaining;
- Example: Contract was awarded to a Vendor for 3 Years – to include 2 one-year renewals after the initial award. I do not have to go to Council Year 2 or Year 3.

I hope that provides a better explanation....

Pervis

Hello I hope all is well. Quick question is it true you guys don't have to take this contract to get approved by your city council? I need clarification for our legal department.

Thank you,
