

CITY COUNCIL MEMORANDUM

FROM: The Office of the City Manager **DATE:** July 11, 2016

SUBJECT: Approve Ordinance No. 3420, abandonment of a public water line easement located within the Birdville High School Addition.

PRESENTER: Caroline Waggoner, City Engineer

SUMMARY:

The City Council is being asked to approve an ordinance abandoning a portion of a water line easement in the Birdville High School Addition.

GENERAL DESCRIPTION:

When Birdville High School was constructed in 1997-1999, the site included the appropriate public easements dedicated by plat and separate instrument to accommodate the infrastructure needed to support the school. Now 17 years since it opened, BHS is expanding and one of the existing water lines installed prior to the school's development is in the path of a new addition. The school district has already dedicated a new water line easement and constructed a water line in the new alignment. All that is needed now to finalize this effort is to abandon the unneeded portion of the original easement.

RECOMMENDATION:

Approve Ordinance No. 3420.
