NRH2O 2022 Operation Calendar Update—NRH2O works hard to provide a fun and safe place for your family to enjoy the summer. Unfortunately, despite a wage increase and our best-recruiting efforts, we are currently short the required number of team members to operate according to our initially released 2022 schedule. The safety of our guests and our staff is our number one priority. As a result, we have made the decision to modify our operating calendar for the rest of the 2022 season and cancel the following special events: July 1, 15 & 29 movies, July 9 drone show, and July 23 fireworks. Please visit our website www.nrhz0.com for the most up-to-date schedule. Email info@nrhz0.com with any additional questions.

NRH Aquatics—Aquatic programming continues to post strong enrollment numbers with June swim lessons selling out with over 300 participants. The last summer session will begin July 11, 2022. Despite lessor staffing levels than in years past, the NRH Centre Aquatics division is set to set a new revenue record in aquatic programming.

WA Porter Elementary celebrated with two big end of the year swim parties in May with over 100 kids. The parties were a success and Aquatics received many compliments on a fun and safe event.

The Aquatics division has a full staff team for the first time in 2 years. This has enabled us to bring back another evening of Splash Swim and an earlier opening of the Plunge Pool Monday-Friday.

In an effort to manage this busy season in the pool, we have added a layer of protection to our Members and Guests visiting with children 6 and under. Children 6 and under are given a bright orange wristband to wear for an identifying purpose in the pool area in case any children are left unattended.
