

ANNUAL COMPREHENSIVE FINANCIAL REPORT

YEAR ENDED SEPTEMBER 30, 2022

NRH

CITY OF NORTH RICHLAND HILLS, TEXAS

About the Cover

Depicted on the cover are various photos and renderings of the City Point mixed-use development project. Originally part of the Calloway Family's farm, the property developed into North Hills Mall in the late 1970s. The mall thrived as a regional shopping center for several decades, however with competition and changes in shopping patterns, customers and tenants moved elsewhere and the mall eventually closed its doors in 2004. The owner of the mall - a limited partnership out of California - was unsuccessful in revitalizing the property. After a period of dormancy, in 2007 the mall was demolished. The professional and medical sector has remained strong in the area, with medical space increasing over the years.

In 2012, a citizen bond committee recommended moving the new North Richland Hills City Hall to a portion of the old mall site to help spur redevelopment of the area. Voters approved the plan with 68% of the vote. North Richland Hills' new City Hall opened in 2016 and the property surrounding City Hall was rezoned into a Planned Development Zoning District to facilitate a variety of uses. In 2019, the 52 acres surrounding North Richland Hills City Hall were purchased by Centurion American Development Group after working with the city on plans to redevelop the land into a master planned mixed use community.

Called City Point, the new master planned mixed-use development will include various types of residential options, including both single-family detached and attached options alongside multi-family that will surround a commercial district along City Point Drive with an upscale hotel on the corner of Boulevard 26 and Rodger Line Drive. Find more information at <https://centurionamerican.com/community/city-point/>.

ACKNOWLEDGEMENTS

The Annual Comprehensive Financial Report was prepared by the Department of Finance, Office of Accounting:

Karen Manila
Assistant City Manager

Mark Mills, CGFO
Director of Finance

Financial Reporting Staff

Glenn Mizell, CMA, PMP, CGFO, Assistant Director
Amanda Brown, Accountant II
Andrew MacNeal, CGFO, Accountant II
Rachel Clements, Grants Specialist
Donna Carman, Accounting Technician
Lisa Ramirez, Accounting Technician
Robin Berger, Accounting Technician

Special appreciation is given to:

Budget & Research Department

Trudy Lewis, Budget Director
Jennipher Castellanos, CGFO, Senior Budget Analyst
Jason Hammett, Budget Analyst
Christopher Orozco, Budget Intern

Human Resources Department

Patrick Hillis, Director
Cameron Rowland, Assistant Director
Ellen Cooper, Human Resource Analyst
Nancy Holcomb, Payroll Specialist
Sabrina Markum, Human Resources Generalist

And to all the departments and personnel throughout the City whose extra effort to contribute timely financial data for their departments made this report possible.

Introductory Section

Department of Finance

March 14, 2023

To the Honorable Mayor, City Council Members, City Manager,
and Residents of the City of North Richland Hills, Texas:

We hereby issue the Annual Comprehensive Financial Report of the City of North Richland Hills, Texas (the “City”) for the fiscal year ended September 30, 2022.

This report consists of City management’s representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in the report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the government’s assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City’s financial statements in conformity with generally accepted accounting principles (“GAAP”). Because the cost of internal controls should not outweigh their benefits, the City’s comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City’s financial statements have been audited by the CPA firm of Whitley Penn, LLP, the City’s independent auditors. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City for the fiscal year ended September 30, 2022, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded based upon the audit, that there was a reasonable basis for rendering unmodified opinions that the City’s financial statements for the fiscal year ended September 30, 2022, are fairly presented in conformity with GAAP. The independent auditor’s report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated “Single Audit” designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. This report is available in the City’s separately issued Single Audit Report.

GAAP requires management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (“MD&A”). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City’s MD&A can be found immediately following the report of the independent auditors.

Profile of North Richland Hills

The City, incorporated in 1953, is a growing community located in the heart of the Dallas/Fort Worth Metroplex. The City's estimated population is 71,904 for 2022. The City is also home to over 1,200 commercial and industrial businesses. The fourth largest city in Tarrant County, North Richland Hills ("NRH") is only 10 minutes from downtown Fort Worth and 25 minutes from downtown Dallas. Interstate Loop 820 and Texas 121/183 ("Airport Freeway") traverse the City, providing freeway access to five additional interstates and numerous US and state highways. The City is also conveniently located 10 minutes from Dallas/Fort Worth International Airport and 15 minutes from Alliance Airport. D/FW International Airport has over 1,800 flights daily with non-stop service to all major North American cities and many overseas destinations. The Alliance development facilitates the transport of merchandise through both the Alliance airport and the Burlington Northern/Santa Fe Intermodal Facility.

The City operates under a charter adopted in 1964 which provides for a Council-Manager form of government. The Mayor and seven Council members are elected at large. The City Council is responsible for all matters of policy as well as for levying taxes, securing revenues, authorizing expenditures of City funds, and incurring City debts. The City Manager is directly responsible to the City Council. An organizational chart follows to show the various levels of responsibility.

The City provides a full range of services. These services include police and fire protection; municipal court operations; the construction and maintenance of streets and infrastructure; parks, library, and recreational activities including tennis center operations; neighborhood services activities; planning and inspections; and the operations of a water and wastewater system, a golf course, and a public waterpark. A private contractor, through a franchise agreement, provides solid waste collection and disposal services for the City.

Accounting System and Budgetary Control

The City's accounting records for general governmental operations are maintained on a modified accrual basis, with the revenues being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. Account records for the City's water and sewer utility and other proprietary activities are measured on the accrual basis.

In developing and maintaining the City's accounting system, consideration is given to the adequacy of the internal control structure. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets; and (3) compliance with all applicable rules, regulations, and contractual requirements. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived, (2) the evaluation of costs and benefits requires estimates and judgments by management, and (3) the preciseness of estimates must be balanced with the timeliness of financial reporting. All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

The annual budget serves as the foundation for the City's financial planning and control. The City maintains budgetary controls to ensure compliance with provisions in the annual budget adopted by the City Council. Annual operating budgets are adopted for the General Fund, certain Special Revenue Funds, Debt Service Funds, Enterprise Funds, and Internal Service Funds. Project-length financial plans are adopted for the Capital Project Funds. The level of budgetary control – the level at which expenditures/expenses cannot legally exceed the appropriated amount – is established at the fund level. Detail control is accomplished by maintaining appropriations, encumbrances, and expended balances by line item within each operating department, within each operating fund. All annual appropriations lapse at the end of the fiscal year. Budgetary data for proprietary funds is presented in the Other Supplemental Information section only since reporting on such budgets is not legally required.

Prior to September 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them. Public hearings are conducted to obtain taxpayer comments. Prior to September 30, the budget is legally enacted through passage of an ordinance. The appropriated budget is prepared by fund, department, and division. The City Manager is authorized to transfer budgeted amounts between departments within any fund. Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

Transfers of appropriations between funds are allowed by budget ordinance as passed by the City Council. Budget-to-actual comparisons are provided in the report for each individual governmental fund for which an appropriated annual budget has been adopted. For the General Fund, comparisons begin on page 92 in the required supplementary information segment of the financial statements. The comparisons for other governmental funds with appropriated annual budgets are presented in the other supplementary information of this report.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates.

Local economy

The City continues to grow as all major economic indicators are trending in the right direction and it remains geographically positioned as the main link between bustling downtown Fort Worth and affluent Northeast Tarrant County. Adjacent to the high socioeconomic level cities of Colleyville, Keller and Southlake; the City is the fourth largest City in Northeast Tarrant County with approximately 71,904 people, and is likely to reach 80,000 residents by 2030. Since 2010, the City has grown by 13.5% in total population, adding over 8,500 residents.

This past year resulted in continued growth from taxable sales, taxable property values and new home starts. Compared to the previous fiscal year, fiscal year 2022 taxable sales grew by 8%, a \$95 million increase. This figure is expected to increase in fiscal year 2023 due to price increases from taxable products due to inflation, and from additional business openings along the Northeast Loop 820 commercial corridor and the far north sector of the City. Taxable property value grew for the 9th straight year. Finally, the City continues to facilitate residential growth, permitting another 240 new single-family homes with an average value over \$450,000 while approving 150 more lots, totaling 500 future lots for development. The City's residential growth "by new home start" continues to be the highest amongst Northeast Tarrant County cities.

The City maintains a diverse mix of 1,200 brick and mortar businesses with 14 primary employers representing 5,000 full time jobs within the healthcare, finance, aerospace and supply chain sectors. The City welcomed 39 office-based businesses occupying 108,000 square feet of office space. Since the pandemic onset, suburban demand for office space has shifted away from high-density downtowns, resulting in a reduction of the City's office vacancy from 15% in the latter half of 2019 to 11% in 2022. The City has also welcome 40 retail-service based businesses, occupying 117,000 square feet reducing vacancy to 9.7% from a pandemic high of 14%.

The City continues to experience quality development and revitalization thanks to its strategic location, attractive standards and the ability to reinvent itself. One example is the 52 acres surrounding City Hall, called City Point. A former mall, the \$225 million mixed-use redevelopment project includes 70,000 square feet of commercial space, roughly 370 single-family homes and approximately 450 multi-family residences. Over 35 homes are under construction from Ashton Woods, Mattamy Homes and CB Jeni. Commercial development along City Point Drive is in the design phase, with construction to start mid-2023. With the entire project expected to be complete by late 2026 or early 2028, the City Point project will welcome 2,000+ additional residents.

A second example can be found at the Transit-Oriented Development ("TOD") Districts. These two projects represent an estimated \$120 million in project value and 900 additional residents. The projects are near TEXRail commuter rail stations and will include 30,000 square feet of commercial space and 600 high-end multi-family units.

Long-term financial planning

In November 2020, North Richland Hills voters approved a \$49,875,000 bond package for the reconstruction of 27 streets. The 2020 Capital Program Advisory Committee, consisting of 35 residents from across the City, recommended the projects based on several factors that included: existing pavement conditions, traffic volumes, maintenance records, input from citizen surveys, and estimated project costs.

At least annually, management reviews and updates long-range financial plans for the general operations of the City as well as the proprietary activities. Forecasts are prepared using conservative growth estimates for major sources of revenue. Maintaining this conservative approach, coupled with an aggressive debt repayment policy, has assisted the City in retaining a continuous favorable bond rating. Analysis is continuously updated to reflect new bond issues and the repayment thereof, as well as updates to estimates based on new developments, historical trends, changes in applicable legal requirements, and City Council and management priorities.

The plans for the internal service funds include the accumulation of resources for meeting both current and future needs. For example, support services such as facilities, fleet, and information technology collect user fees to meet current maintenance needs as well as to meet future capital replacement needs.

Similarly, the City's policy with regard to self-insurance premiums has been to collect sufficient amounts to cover current health and dental claims as well as additions to reserves for future claims. In fiscal years 2002 and 2003 the Self Insurance (Internal Service) Fund reserves of \$3.1 million were depleted due primarily to spiraling inflation in the health care industry and unforeseeable extraordinary health claims. In fiscal year 2004, City Council adopted a strategy to rebuild reserves over a six-year period beginning in fiscal year 2005. Savings from changes in the health care plan, transfers from existing cash reserves in the General Fund and Water and Sewer Fund, and employee premiums were used and continue to re-establish the reserves. In both 2016 and 2017, the City once again experienced significant inflationary costs and extraordinary health claims, which necessitated the use of a portion of the rebuilt reserves. Management instituted procedures to address the rising costs in both active employee and retiree health care costs. These procedures have begun to take effect and the reserves are expected to continue to improve in 2023.

Similar plans for the build-up of reserves exist for the City's enterprise operations. Funds are set aside to meet future capital replacement needs such as infrastructure replacement and capital asset acquisitions. This approach has allowed the City's water and sewer operation to meet the majority of its capital replacement needs with the issuance of minimal debt. Over the course of its history, NRH₂O, the City's waterpark, has funded some new attractions and infrastructure improvements by utilizing cash reserves accumulated from operations. Annual analysis by City management of capital needs could result in the need for debt funding of future attractions and infrastructure improvements if deemed necessary.

Cash management policies and practices

With the City's current bank depository contract with JP Morgan Chase Bank, N.A. set to expire on September 30, 2019, the City initiated a solicitation process in early 2019 to secure another depository contract agreement. The selection process awarded the new contract to the incumbent, JP Morgan Chase Bank, N. A. for another three years with an option to extend for an additional two years. The contract has been extended for one year through September 30, 2023. Cash temporarily idle during the year was invested in two public funds investment pools, agency and corporate securities, municipal securities, and U.S. Treasury Notes.

The maturities of the investments range from overnight to three years. The average yield for overnight investments for fiscal year 2022 was 2.8465%, and the weighted average maturity ("WAM") was 25 days. The portfolio's WAM for all other investments at the end of the fiscal year was 140 days, which is indicative of the City's attempts to transition from a shorter-term portfolio into a more balanced portfolio due to rising interest rates.

At fiscal year-end approximately 15% of the portfolio was invested beyond one year, 15% was invested for one year or less, and the remaining 70% was invested in the overnight market. The City's Investment Advisor is Meeder Public Funds who was the overseer of the portfolio through the end of the fiscal year 2022 and continuing into fiscal year 2023.

Risk management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. While the City has historically retained a portion of these risks, coverage exists for: general, employment practice, law enforcement, and errors and omissions liability; excess workers' compensation; property damage; commercial crime coverage; and employee life insurance. The Self-Insurance Fund is responsible for workers' compensation, health, automobile liability, and general liability insurance. The City maintains a stop loss third party insurance policy with respect to health claims. This policy covers City medical claims in excess of \$175,000 per individual per year, and/or \$9,754,236 in the aggregate for a 12-month period beginning on January 1, 2021. For the 12-month period beginning January 1, 2022, the aggregate amount was \$8,344,760. Self-Insurance Fund claims are funded by charges to other funds and employee, retiree, and dependent premiums. Additional information on the City's risk management activity can be found in the notes to the basic financial statements.

Pension and other post-employment benefits

The City participates in the Texas Municipal Retirement System ("TMRS"), an agency authorized by the State of Texas. Full-time City employees contribute a fixed percentage of their gross pay (currently 7%). TMRS participants are immediately vested in the funds they contribute plus allocated interest. Participants are vested in employer contributions after five years of credited participation. If participants withdraw from TMRS prior to five years of credited participation, they may withdraw from TMRS those funds they contributed plus interest earnings. The City has historically provided postretirement health and dental care benefits for certain retirees and their dependents. As of the current fiscal year, there were 182 retired employees receiving these benefits. Additional information on the City's pension arrangements and post-employment benefits can be found in the notes to the basic financial statements.

City's Response to the COVID-19 Pandemic

The City received \$3,738,900 in CARES Act funding from the Federal Government through Tarrant County in 2020. The City has received both tranches of the American Rescue Plan Act (ARPA) funding totaling \$9,533,205. City management implemented a needs based priority project list to utilize the ARPA funding and all ARPA funds must be fully encumbered by December 2024 and spent by December 2026.

Awards

Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to North Richland Hills for its Annual Comprehensive Financial Report for the fiscal year ended September 30, 2020. This was the 37th consecutive year the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. The Annual Comprehensive Financial Report for the fiscal year ended September 30, 2021 has been submitted to GFOA for evaluation, but at the time this document was published, the City had not received notification that it had received the award. Based on past performance, it is believed this Annual Comprehensive Financial Report and previous 2021 report continue to meet the Certificate of Achievement Program's requirements. Upon approval by the City Council, this report will be submitted to GFOA to determine its eligibility for another certificate.

The City also received the Distinguished Budget Presentation award for its 2022 budget document. This was the 31st consecutive year the City received this award.

Acknowledgments

Timely preparation of this Annual Comprehensive Financial Report was made possible by the dedicated service of the Finance Department, our independent auditors, and other City staff. We would like to express sincere appreciation to those who contributed to the process.

In closing, the continued leadership and support of the Mayor, City Council, and City Manager in planning and conducting the financial operation of the City is sincerely appreciated.

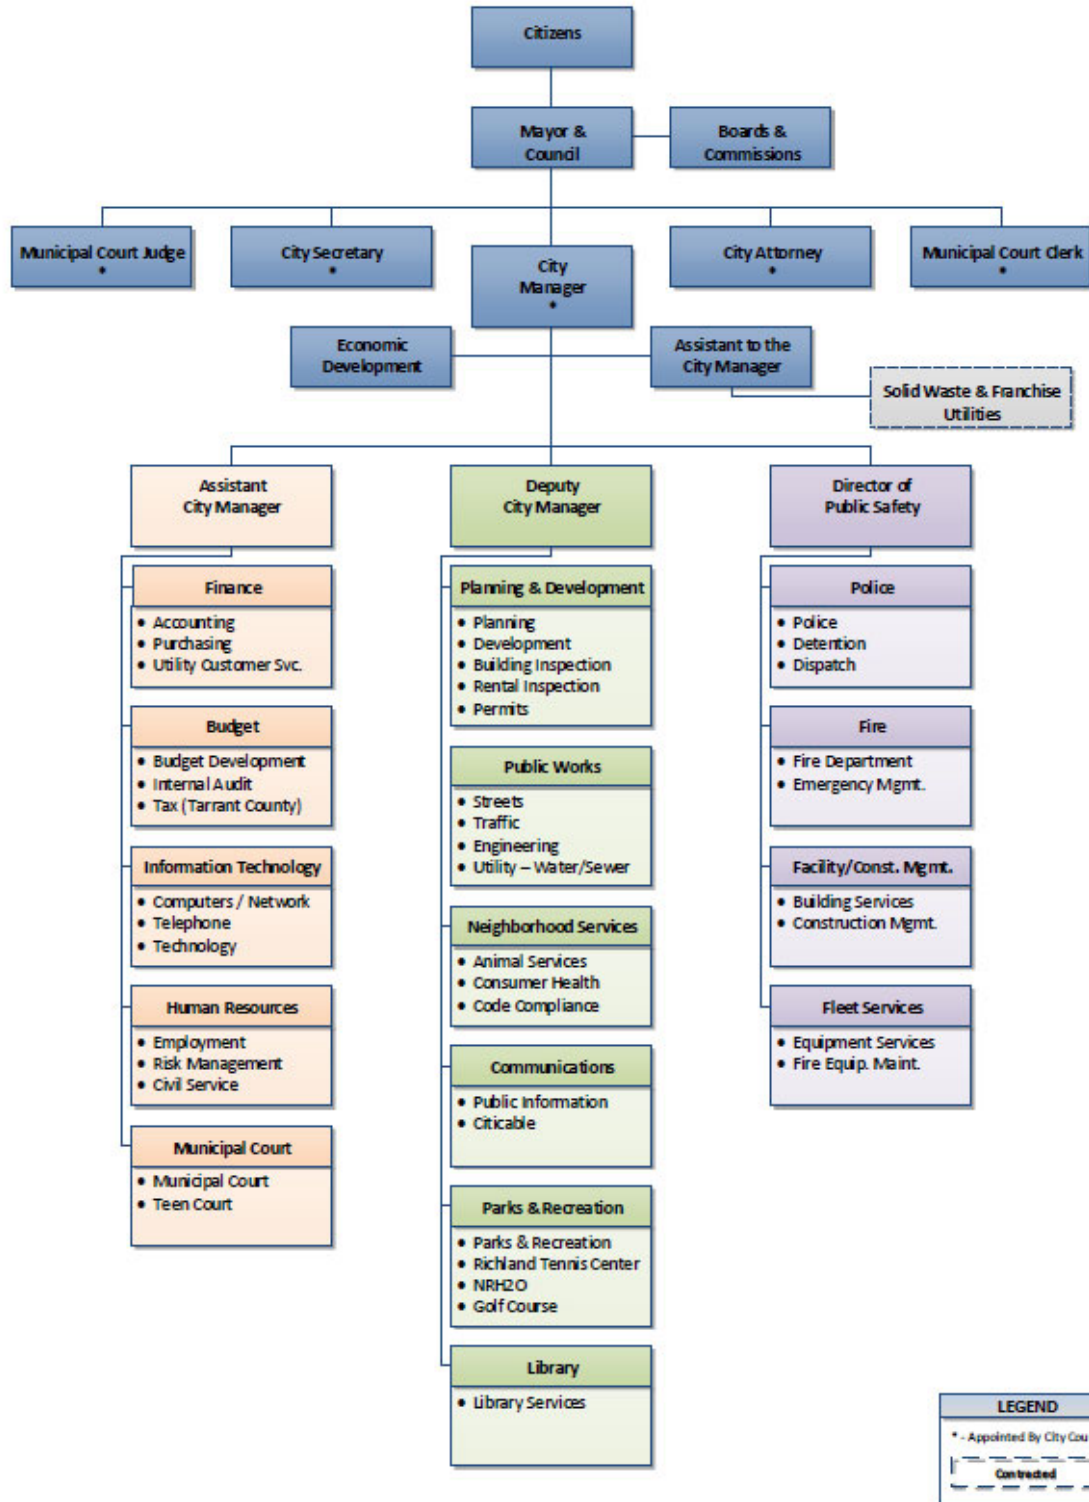

Respectfully submitted,

Mark C. Mills

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of City Council
City of North Richland Hills, Texas

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of North Richland Hills (the "City"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, pension information, other-post employment benefit information, and certain budget to actual schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund statements and schedules and budget to actual schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

To the Honorable Mayor and Members of City Council
City of North Richland Hills, Texas

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules and budget to actual schedules, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section, statistical section, and glossary, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2023 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF NORTH RICHLAND HILLS, TEXAS

MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of North Richland Hills, Texas (the "City") Management's Discussion and Analysis ("MD&A") is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the City's financial activity, (c) identify changes in the City's financial position (its ability to address the next and subsequent years' challenges), (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns.

MD&A is designed to focus on the current year's activities, resulting changes, and currently known facts, and should be read in conjunction with the City's financial statements (beginning on page 15).

Financial Highlights

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the fiscal year ended September 30, 2022 by over \$402.0 million (net position).
- The City's total net position increased by \$35.0 million in fiscal year 2022 from the beginning net position of \$367.0 million. Additional details of this change may be found beginning on page 30 (Statement of Activities).
- As of September 30, 2022, the City's governmental funds reported combined fund balances of \$107,900,858, which represents an increase of \$1.4 million in comparison to the prior fiscal year's ending balance.
- Approximately 25.6% of total governmental fund balance, or \$27,612,957, is available for appropriation at the City's discretion (assigned and unassigned fund balance).
- The City's objective regarding fund balance for the General Fund is to maintain a minimum unassigned fund balance to operate the City for a period of 60 days or 15% of the following year's appropriated budgeted expenditures. This objective was met at year end.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$19,278,460 or 36.0% of General Fund actual expenditures, including transfers out, for 2022. This unassigned balance represents 33.3% of the fiscal year 2023 adopted budget.
- The City's total debt decreased by approximately \$8.4 million during the fiscal year 2022. This is due to scheduled principal payments of \$23.9 million – inclusive of the March 2022 defeasance of the outstanding debt for Tax Increment Financing District # 2 (TIF #2) – and the issuance of \$15.5 million in General Obligation Bonds ("GO's") and Certificates of Obligation ("CO's").

Overview of the Financial Statements

MD&A is intended to introduce the reader to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The report also contains other required supplementary information in addition to the basic financial statements.

CITY OF NORTH RICHLAND HILLS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Government-wide financial statements - The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to private-sector business.

The Statement of Net Position presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial condition of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the fiscal year. All of the current year's revenues and expenses are recognized regardless of when cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, unused vacation leave). Both the Statement of Net Position and the Statement of Activities are prepared using the accrual basis of accounting as opposed to the modified accrual basis used in governmental funds.

In the Statement of Net Position and the Statement of Activities, the City's operations are separated into two types of activities:

- Governmental activities - Most of the City's basic services are reported here, including the activities of public safety, culture and recreation, public works, and general government. Property taxes, sales taxes, and franchise fees finance most of these activities.
- Business-type activities - For this type of activity, the City charges a fee to customers to cover all or most of the cost of services provided including the recovery of costs of capital assets used in the delivery of such services. The City's water and sewer, golf course, and aquatic park activities are reported here.

The government-wide financial statements can be found starting on page 29 of the annual comprehensive financial report.

Fund financial statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund financial statements provide detailed information about the most significant funds, not the City as a whole. Some funds are required to be established by state law, bond covenants, or Council ordinance. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

- Governmental funds - The majority of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances available for appropriation at year-end. These funds are reported using an accounting method identified as the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. Statements of governmental funds provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources available for appropriation in the near future to finance City programs. By comparing information presented for governmental funds with similar information presented for *governmental activities* in the government-wide financial statements, readers may better understand the long-term impact of the government's near-term financing decisions. The relationship or differences between *governmental activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental funds are detailed in a reconciliation following the fund financial statements.

The City maintains five major individual governmental funds. Information is presented separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances for these funds. The General Fund, General Capital Projects Fund, General Debt Service Fund, Parks and Recreation Development Fund, and the Grants Fund are the major governmental funds of the City. Data from the other non-major governmental funds are combined into a single, aggregated presentation in the governmental statements. Financial statements for the governmental funds can be found starting on page 32 of this report.

CITY OF NORTH RICHLAND HILLS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

- Proprietary funds - The objective of proprietary funds is to charge customers, both internal and external, for services provided in an amount sufficient to cover virtually all costs including the replacement of assets used in the delivery of such services. These services are generally reported in proprietary funds. Proprietary funds are reported in the same manner that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's enterprise funds (a component of proprietary funds) are almost identical to the business-type activities that are reported in the government-wide statements, but provide more detail and additional information, such as the statement of cash flows. The internal service funds (the other component of proprietary funds) are utilized to report activities that provide supplies and services for the City's other programs and activities, such as the City's facilities maintenance and construction services, fleet management, employee and property insurance coverage, and telephone and computer services. Because these services benefit both governmental and business-type functions, they have been included in both the governmental and business-type activities in the government-wide financial statements.

The City maintains three enterprise funds, which it uses to account for the provision of water and wastewater services, golf course operations, and water park activities. The Utility Fund and Aquatic Park are considered major funds. The Golf Fund is considered a non-major enterprise fund. Financial statements for the enterprise funds can be found starting on page 40 of the report.

Notes to the financial statements - The notes to the financial statements provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 47 of this report.

CITY OF NORTH RICHLAND HILLS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Government-Wide Financial Analysis

The government-wide financial analysis highlights the information contained in the Statement of Net Position and Statement of Activities. The City's combined net position was \$402,047,815 as of September 30, 2022. Analyzing the net position of governmental and business-type activities separately, governmental activities total net position was \$299,256,766 and business-type activities total net position was \$102,791,049. This analysis focuses on the net position and changes in program and general revenues and significant expenses of the City's governmental and business-type activities.

Statement of net position – The largest portion of the City's net position (78.8%) reflects its net investment in capital assets (e.g., land, buildings, machinery and equipment) less any related debt used to acquire those assets that is still outstanding. The City uses capital assets to provide services to citizens; consequently, capital assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these obligations. The following table presents the condensed government-wide statement of net position as of September 30, 2022 and 2021. Current and other assets include restricted deposit and investment balances.

Schedule of Assets, Liabilities, and Net Position

Governmental activities - In comparison to fiscal year 2021, overall assets for Governmental Activities increased \$11.7 million or 2.5% in 2022. Capital assets, net of depreciation, increased \$2.7 million or 0.8% in 2022. This activity was related to capital improvement projects, specifically improvements to streets and roadways, sidewalks, and equipment replacements as well as park improvements, such as the new Pickle Ball Court at Richfield Park, several playground equipment replacements, and the Trail and On-Road Safety project. Further, the roof of Fire Station # 1 was replaced. Overall, progress on capital acquisitions continues to experience slow progress due to the continuing supply chain impacts. Outstanding debt liabilities decreased by \$9.8 million or 8.3% in 2022. This decrease was due to the defeasance of the outstanding debt for Tax Increment Financing District # 2 (TIF 2), the annual debt service payment for all other outstanding debt, and the issuance of the 2022 General Obligation and Certificates of Obligation bonds.

Governmental activities increased the City's net position by approximately \$25.7 million in fiscal year 2022. The City had an increase in tax revenues of \$3.9 million during 2022. Property taxes increased \$1.2 million, sales tax increased by \$2.4 million, and franchise taxes increased by \$0.2 million. The property tax rate was decreased slightly from \$0.57570 to \$0.57218. In fiscal year 2022 the City experienced significant growth in its taxable value base. This increase was the result of changes in existing values as well as additional values from new construction. Sales taxes increased 10.0% as a result of gains in online sales due in large part to the pandemic, which were bolstered by changes brought about by the Supreme Court's Wayfair decision, and the recent increases on retail prices from inflation.

CITY OF NORTH RICHLAND HILLS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Charges for services increased approximately \$0.7 million or 4.8% in fiscal year 2022. The primary driver for the increase is Parks and Recreation which saw operations continue to recover from the downturn associated with the pandemic as memberships and activities exceeded pre-pandemic performance. Other increases were associated with development and construction activity in the City. Operating Grants and Contributions increased approximately \$3.6 million or 38.0% in fiscal year 2022. This increase was expected due to the receipt of both the American Rescue Plan tranches as well as increased grant awards to the Public Safety departments. Capital Grants and Contributions increased approximately \$0.2 million or 86.5% in fiscal year 2022. Significant projects included the North Texas Anti-Gang Center and other Public Safety program activities.

Governmental activities saw a total decrease in expenses totaling approximately \$6.8 million or approximately 9.2% below 2021 levels. This decrease is attributable to decreases in general government and culture & recreation. Debt service interest and other fees increased by approximately 9.0%. Refer to the fund level financial analysis section for further details.

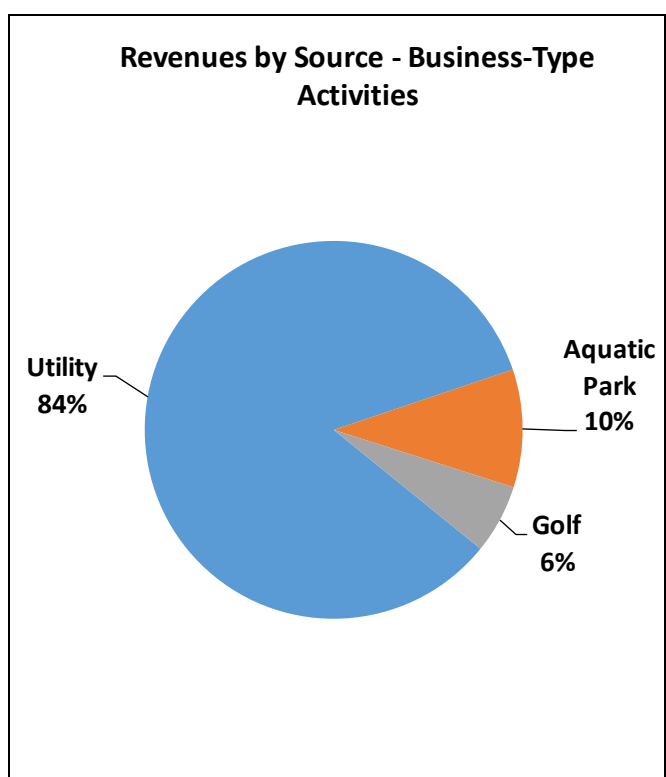

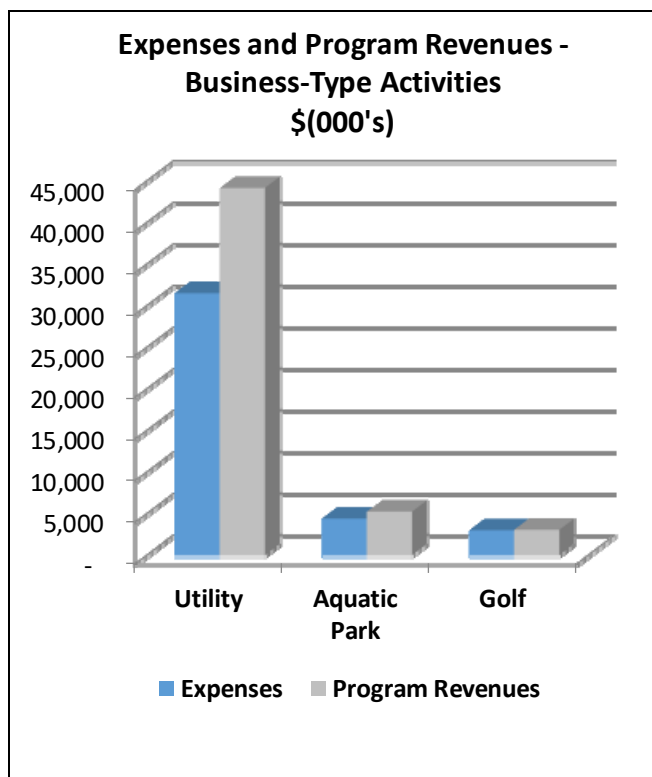

CITY OF NORTH RICHLAND HILLS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Business-type activities – Business-type activities resulted in an increase to the City's total net position of \$9.3 million in 2022. Total net revenue for Business-type activities was approximately \$9.9 million with the Utility fund operations generating \$8.8 million of that total. Aquatic park generated \$0.83 million in net revenue and Golf Course generated \$0.27 million. Transfers to other funds reduced the net revenue by \$4.5 million.

Aquatic Park and Golf course operations are funded by consumers who patronize each facility. The City owned Golf Course, Iron Horse, is currently managed by KemperSports. KemperSports assumed management of the facility beginning April 2022, after an extensive Request for Proposal process. The City's previous management company – ARCIS – had begun to move away from managing courses owned by other entities and focusing on the properties which they owned, and thus did not respond to the RFP. Significant upgrades were made to the Golf Course, as well as the refurbishment of the clubhouse, as part of a fiscal year 2020 capital project. It reopened to full operations in October 2020 and with increasing play during the each of the past two fiscal years. The Aquatic park experienced near record overall revenues in multiple areas and per-attendee spending during the summer season of fiscal year 2022. Attendance at the park increased by 8% over prior year levels.

The Utility Fund generally experienced higher sales in the summer heat which increased revenues. However, increases in the wholesale provider costs for water and sewer services continue to put pressure on the fund. On the whole, the weather demonstrated how sensitive these business-type activities can be in regard to climate conditions.

CITY OF NORTH RICHLAND HILLS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Fund Level Financial Analysis

Governmental Funds - The focus of the City of North Richland Hills' governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the City's Council itself, or the designated individual delegated the authority to assign resources for use for particular purposes (Council Designated).

At September 30, 2022, the City's governmental funds reported combined fund balances of \$107,900,858, an increase of \$1,442,048 in comparison with prior year. Unassigned fund balance of \$18,921,859 is available for spending at the government's discretion. The remainder of the fund balance is either non-spendable, restricted, committed, or assigned to indicate that it is 1) not in spendable form (\$97,251), 2) legally required to be maintained intact or to be used for a particular purpose (\$52,864,698), 3) committed for particular purposes (\$27,325,952), or 4) assigned for particular purposes (\$8,691,098).

The General Fund is the chief operating fund of the City. For fiscal year 2022, the General Fund unassigned fund balance was \$19,278,460 – an increase of \$1,860,112. Unassigned fund balance represents approximately 38.7% of total General Fund expenditures for 2022, while total fund balance represents 43.3%. The General Fund balance increase was due primarily to higher than anticipated revenue, particularly Sales Tax, increases in activities related to Parks. Licenses and Permit revenue related to development also contributed to the increase while spending was within expectations.

The General Capital Projects fund increased governmental fund balance by approximately \$24.9 million. During fiscal year 2022, the City issued \$15.475 million in general obligation bonds and certificates of obligations for capital projects. Of the fund's \$7.2 million expenditures, a significant portion can be attributed to improvements in the public street network including, completion of Rufe Snow & Mid-Cities improvements, Northeast Parkway and Davis Traffic signalization, and various other street and sidewalk maintenance projects. Other projects include the replacement of the roof on Fire Station # 1, addition of Pickle Ball courts to Richfield Park, completion of the Trail and On-Road Safety project with TxDot, and the completion of Fossil Creek Mountain Bike trail.

General Debt Service fund decreased governmental fund balance by \$14,442. The decrease is associated with retirement of debt through principal and interest payments for 2022.

Parks and Recreation Development Corporation increased governmental fund balance by \$2,010,439 which is primarily due to a return to normal operations for the Parks and Recreation department as a whole with an increase in demand for these services.

The Grants Fund decreased governmental fund balance by \$331,203, resulting in an ending deficit fund balance of \$356,601. The decrease was due to advance spending for grant projects pending approval.

Proprietary Funds - The proprietary funds provide the same type of information found in the government-wide financial statements.

CITY OF NORTH RICHLAND HILLS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

General Fund Budgetary Highlights

Original budget compared to final budget. During the fiscal year, there were sufficient reasons to revise original estimated revenues and expenditures. Revenue amendments resulted in a net increase of \$798,860. Total revenue and other resources increased \$1,457,357. Modifications were made to specific revenue projections, based on known activities and observed collection trends throughout the fiscal year. The City continued steady growth, adding another 240 new single-family homes, with an average value over \$450,000, while approving 150 additional lots. Together with the increase in permit activity, the estimated revenue from Licenses and Permits was increased \$38,000. Due to continued activity and the earlier than anticipated timing of projects, actual performance outpaced the revised estimate. Based on observed collection trends, estimated Sales Taxes collections were increased \$1,065,080. Fine & Forfeitures were decreased by \$180,722 based on projections. During the fiscal year, the City experienced lower than anticipated citation issuance, caused by specific activities related to some grant initiatives undertaken by the City and vacant positions.

An area with a significant change in the Revised from the Original Budget was Other Appropriations, which increased by \$658,497. This change included appropriations for anticipated land purchases along TEXRail for future redevelopment and transfers for capital projects related to maintenance of the existing street network.

Final budget compared to actual results. Revenue sources saw positive variances in all operational categories with the planned appropriation of reserves not required. A net positive revenue variance of \$1,161,477 in the tax revenues grouping and a net positive variance of \$1,378,687 in the non-tax revenue groupings resulted from collections received above projections, even after further analysis and an upward revision to most categories.

Capital Asset and Debt Administration

Capital assets - At the end of fiscal year 2022, the City had \$414.0 million (net of accumulated depreciation) invested in a broad range of capital assets including, but not limited to, police and fire equipment, buildings, park facilities, roads, bridges, aquatic park facilities, golf course assets, and the water and sewer system. The following table provides capital asset balances net of accumulated depreciation for each major category for both governmental and business-type activities as of September 30, 2022 and 2021.

Capital Assets
(net of Accumulated Depreciation)
Amounts shown in thousands (000's)

CITY OF NORTH RICHLAND HILLS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

This year's major additions included:

Description	Amount
Buildings	\$ 340,159
Water / Sewer Replacement and Improvements	5,887,862
Street Improvements	9,941,601
Computer, Machinery, and Equipment	1,146,657
Vehicles	194,474

The City prepares an annual Capital Improvement Projects budget that assigns specific funds and resources for use to only these projects. Until appropriations are removed, these resources are unavailable for general operations or new capital projects.

The City currently has committed resources (displayed as Noncurrent Assets—cash and cash equivalents in the Statement of Net Position) totaling \$69,799,049 for both the Governmental and Business-type activities. These resources will be used to purchase major equipment, construct new buildings, and add new infrastructure such as water and sewer lines and streets. More information on capital assets can be found in footnote III.C in the Footnotes to the financial statements.

Debt - At September 30, 2022 and 2021, the City had the following debt outstanding:

Outstanding Debt						
Amounts shown in thousands (000's)

The presently outstanding general obligation debt of the City is rated "AA2" by Moody's and "AA+" by S&P. As a home rule city, the City is limited by Article XI, Section 5 of the State of Texas Constitution to a maximum tax rate for all purposes of \$2.50 per \$100 of valuation, though within that figure there is no legal limit upon the amount of taxes which can be levied for debt service. The City's Charter provides that general property taxes are limited to \$1.50 per \$100 of assessed valuation for general governmental services including the payment of principal and interest on general obligation debt. For fiscal year 2022, the City's property tax rate is \$0.572184 per \$100 assessed valuation. The current ratio of tax-supported debt to assessed value of all taxable property is 1.57%. Additional detailed information on long-term debt activity is disclosed in the notes (III-E) to the financial statements.

Pensions and Retiree Health Care

Pensions and retiree health care continue to receive negative media attention as governments around the nation struggle to fund these commitments. The City is committed to providing programs in these areas that are fair to both employees and taxpayers and that can be sustained over the long term.

CITY OF NORTH RICHLAND HILLS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Effective for fiscal year 2015, Governmental Accounting Standards Board ("GASB") Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*, created specific reporting requirements for pensions that are different than that used for funding purposes. Both valuations are important as the reporting valuation provides a rigorous standard measure that can be used to compare the City's pension liabilities to other governments from around the nation. The funding valuation is important because the actuarial methods used include strategies for repaying any unfunded actuarial accrued liabilities. Combined with the City's history of making those contributions, it provides insights regarding the City's commitment to and the effectiveness of its funding strategy. Information contained in the financial statements themselves including the first schedule of Required Supplementary Information ("RSI"), Schedule of Changes in Net Pension Liability and Related Ratios, is based on the reporting valuation. The second schedule in the RSI, Schedule of Contributions, is based on the funding valuation. On a reporting basis, the City's financial statements reflect a Net Pension Liability as of September 30, 2022 of \$4,220,714, which is 10.9% of the City's annual covered payroll of \$38,724,529 for the 2021 calendar year.

Retiree health care's net OPEB liability has been calculated in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, to be \$32,635,155 as of September 30, 2022, a decrease of \$3,152,923 from the previous valuation.

Economic Factors and Next Year's Budgets and Rates

The two largest revenue sources for the General Fund are property tax revenues and sales tax receipts. After working through a struggling economy, the City of North Richland Hills is finally experiencing a stabilization. In June 2019, the Texas state legislature passed Senate Bill 2 (SB-2) which limits the ability of local governments to increase property tax revenues above 3.5% without an affirmative vote of the citizens within the jurisdiction. For budget year 2021/2022, sales tax receipts are anticipated to be roughly 2% higher than the 2020/2021 actual. Property tax values are anticipated to continue rising due to steady new construction growth. Currently, the City of North Richland Hills projects 5-7% growth in property values, though a greater increase is not out of the realm of possibility.

The fiscal year 2023 budget was based on a 4.23% decrease to the property tax rate from \$0.572184/\$100 to \$0.547972/\$100. For fiscal year 2023, the estimated tax rate distribution amounts for maintenance & operations and interest & sinking (per \$100 assessed value) for the City are as follows:

Tax Rate Distribution Schedule	Tax Rate	Tax Rate Distribution
General Fund - Maintenance & Operations	\$ 0.347744	\$ 25,536,879
Debt Service Fund - Interest & Sinking	0.200228	13,507,630
Total Distribution of tax proceeds	<u>\$ 0.547972</u>	<u>\$ 39,044,509</u>

By policy, the City maintains an unassigned General fund balance of 15% of budgeted expenditures. The use of available fund balance for one-time expenditures eliminates the financial impact of such purchases on future budgets.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of North Richland Hills, Director of Finance, P.O. Box 820609, North Richland Hills, Texas 76182-0609.

Behind the Book with Candice Millard

Candice Millard, the New York Times bestselling author of *Destiny of the Republic* and *The River of Doubt* and former National Geographic journalist, visited the NRH Library on Tuesday, June 14, 2022. Candice discussed her latest book, *River of the Gods: Genius, Courage, and Betrayal in the Search for the Source of the Nile*, and shared fascinating stories of her own research with the large and enthusiastic crowd of book lovers. The event also included a ticketed dinner reception with the author and a free book signing.

Bandan Koro

On Thursday, April 14 2022, the NRH Library was happy to host the Bandan Koro African Drum and Dance Ensemble for a dynamic and interactive performance of African song and dance as part of their Celebrating Culture Series. Bandan Koro was founded by Tony Browne in 2009 as an outlet to study and share experiences associated with African culture and history with the community at large through the presentation of dance, music, and specialized presentations. The ensemble of musicians, singers, dancers, storytellers, and educators engage with diverse audiences year-round, fostering values of love, pride, cultural engagement, and excellence within the communities that they visit.

CITY OF NORTH RICHLAND HILLS, TEXAS
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
September 30, 2022

Total Fund Balances - Governmental Funds **\$ 107,900,858**

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities resources (excluding internal service capital assets) are not financial resources and, therefore, are not reported as net positions in governmental funds. 325,096,016

Certain receivables are not available to pay current-period expenditures and, therefore, are reported as unavailable revenue in the funds. 12,008,252

Internal service funds are used by the City's management for building and vehicle support services, self insurance, and information services. The assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the internal service funds, net of amounts included in business type activities, are included with governmental activities in the Statement of Net Position but are not included at the fund level. 17,306,947

Long-term liabilities and related deferred inflows and outflows, including bonds payable, accrued interest payable, compensated absences, other post employment benefits, and net pension liability, are not due and payable in this current period and, therefore, are not reported as liabilities in the funds. (163,055,307)

Total Net Position - Governmental Activities **\$ 299,256,766**

NRH Sounds of Spring provides six weekly concerts at the NRH City Hall with free live music by some of the region's best live performers under the stars.

CITY OF NORTH RICHLAND HILLS, TEXAS
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Year Ended September 30, 2022

Net Change in Fund Balances - Governmental Funds	\$ 1,442,048
---	---------------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	(184,870)
--	-----------

The net effect of various transactions involving capital assets (i.e. sales, trade-ins, and donations) is to increase/(decrease) net position.	(182,726)
--	-----------

Certain deferred inflows of resources were earned in prior year but not yet available for fund level activity. This increase/(decrease) is due to the deferred inflows becoming available in current year.	5,707,226
--	-----------

Certain long-term liabilities are accrued at the government-wide level but not at the fund level. The current year change in those liabilities is reported as expense in the statement of activities. Expenses recorded for accrual of interest and amortization expense are included in this category.	5,967,547
---	-----------

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the difference between repayments and proceeds received.	9,502,852
---	-----------

Internal service funds are used by management to charge the costs of certain activities, such as insurance and fleet maintenance, to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities (exclusive of capital assets and debt).	<u>3,442,367</u>
---	------------------

Change in Net Position of Governmental Activities	<u>\$ 25,694,444</u>
--	-----------------------------

CITY OF NORTH RICHLAND HILLS, TEXAS

NOTES TO BASIC FINANCIAL STATEMENTS

Note I - Summary of Significant Accounting Policies

The City of North Richland Hills, Texas (the “City”) Home Rule Charter was adopted by the voters at an election held on November 3, 1964. The City operates under a Council-Manager form of government. The City provides a full range of services including police and fire protection; municipal court operations; the construction and maintenance of streets and infrastructure; parks, library, and recreational activities including tennis center operations; neighborhood services activities; planning and inspections; and the operations of a water and wastewater system, a golf course, and a public water park. A private contractor, through a franchise agreement, provides solid waste collection and disposal services for the City.

The accounting policies of the City conform to accounting principles generally accepted in the United States of America (“GAAP”) as applicable to governmental units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the City are described below.

A. Reporting Entity

As required by GAAP, these basic financial statements present the primary government and its component units, entities for which the government is considered to be financially accountable. The blended component units, although legally separate entities, are, in substance, part of the primary government’s operations. As such, data from these units is combined with data of the primary government. Discretely presented component units are entities that are legally separate from the City, but for which the City is financially accountable or whose relationships with the City are such that exclusion would be misleading or incomplete.

Blended Component Units - The North Richland Hills Parks and Recreation Facilities Development Corporation (“PRD”) is used to account for the accumulation of resources to build and improve City parks and recreational facilities and fund economic development activities. The North Richland Hills Crime Control and Prevention District (“CCD”) is used to account for the accumulation and use of half-cent sales tax proceeds dedicated for crime reduction programs. The PRD and CCD are reported as special revenue funds of the primary government. The Boards of Directors of both component units are substantially the same as the City Council.

Tax Increment Financing District No. 1 (“TIF #1”) was created to fund drainage improvements that would alleviate flooding problems, reduce property damage associated with the flooding, and stimulate development within the zone of TIF #1. In 2008, TIF #1 was expanded to provide funding for intersection improvements and the burial of utility lines to enhance economic revitalization in the area (TIF # 1A). On November 10, 2021, the TIF #1 and #1A Board met and voted to recommend the North Richland Hills City Council take action to close TIF #1 and #1A. On June 27, 2022, the North Richland Hills City Council passed Ordinance Number 3746, which terminated the zones, dissolved the Board of Directors, and authorized the disbursement of remaining funds to the participating entities. The final disbursement for all entities in TIF #1 and #1A occurred in September 2022.

Tax Increment Financing District #2 (“TIF #2”) was created to provide funding for public improvements that would benefit the participants in and citizens of TIF #2. On January 24, 2022, the TIF #2 Board met and voted to recommend the North Richland Hills City Council take action to close TIF #2. On March 31, 2022, in anticipation of the TIF # 2 closure, the outstanding debt for TIF#2 was defeased. On June 27, 2022, the North Richland Hills City Council passed Ordinance Number 3747, which terminated the zone, dissolved the Board of Directors, and authorized the disbursement of remaining funds to the participating entities. The final disbursement for all entities in the TIF occurred in September 2022.

These TIF’s meet the criteria for blending as the City Council and TIF Boards are substantially the same. In addition, although other entities are involved in the TIF, the primary financial benefit or burden relationship is between the City and the TIF’s, and management of the City has day-to-day operational responsibility for the activities of the TIF.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note I - Summary of Significant Accounting Policies (continued)

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (*i.e.*, the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its blended component units. For the most part, the effect of interfund activity has been eliminated from these statements. However, interfund services provided and used are not eliminated in the consolidation process. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and grants and contributions that are designated to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current *financial resources measurement focus and the modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources traditionally associated with governments which are not required to be accounted for in another fund. Major functions financed by the General Fund include general government, public safety, culture and recreation, and public works. Financing is provided from taxes (primarily property, sales, and franchise), licenses and permits, fines, and investment income.

The General Capital Projects Fund is used to account for financial resources used for the acquisition and construction of major street, drainage, and municipal facilities capital assets.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note I - Summary of Significant Accounting Policies (continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)

The General Debt Service Fund accounts for the accumulation of resources for the payment of principal, interest, and related charges on long-term general obligation debt of governmental funds. Financing is provided primarily by a specific annual property tax levy.

The Parks and Recreation Facilities Development Fund accounts for the accumulation and use of resources to build and improve City parks and recreation facilities as well as economic development projects. The City has permanently designated this fund as a major governmental fund.

The Grants Fund is a centralized fund accounting for all private, local, state, and federal grant proceeds.

The City reports the following major proprietary funds:

The Utility Fund accounts for the distribution of water, transportation of wastewater, and solid waste removal services provided to the residents of the City. All activities necessary to provide such services are accounted for in the fund, including, but not limited to, administration, operations, maintenance, financing and debt service, and billing and collections.

The Aquatic Park Fund accounts for the operation of NRH₂O, the City's public water park. All activities necessary to operate the park are accounted for in the fund, including, but not limited to, administration, park operations, park maintenance, and financing and debt service.

The Golf Course Fund accounts for the operations of Iron Horse Golf Course, the City's public golf course. All activities necessary to operate the course are accounted for in the fund, including, but not limited to, administration, operations, course maintenance, and financing and debt service. The Golf Course is the only non-major proprietary fund.

Internal Service Funds account for building maintenance services, fleet management, computer and telephone service, as well as insurance coverage provided to other departments of the City, on a cost reimbursement basis.

The City also reports one fiduciary fund. The OPEB Trust Fund accounts for the activities of the long-term funding of the City's other post-employment benefits provided. These funds are contributed by the City on an annual basis to help offset future costs and outflows for post-employment benefits payments.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and of the internal service funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting the definition are reported as non-operating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note I - Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Fund Balance

Deposits and investments

Cash and cash equivalents consist of bank deposits and investments with an original maturity of three months or less, including investment pools. Substantially all operating deposits and investments are maintained in pooled deposits and investment accounts. Interest income relating to pooled deposits and investments is allocated monthly to the participating individual funds based on each fund's pro-rata share of total pooled deposits and investments.

Investments consist of (1) investments in public fund investment pools, (2) short-term investments that mature in 12 months or less from the time of purchase and (3) investments that mature in greater than 12 months from the time of purchase. Other than investment pools, most of the City's investments are long-term (i.e., at the time of purchase, the maturity equals or exceeds one year) and, accordingly, the investments are carried at fair value. The government's investment pools operate in accordance with state laws and regulations. Investments in external pools are carried at either net asset value or amortized cost, as determined by each pool's individual investment valuation method and whether there is a readily determinable fair value of the pool as of the City's fiscal year end. In instances where pools transact at amortized cost, no readily determinable fair value is deemed available.

Legal provisions generally permit the City to invest in certificates of deposit, repurchase agreements, public funds investment pools, direct obligations of the United States of America or its subdivisions, and state and local government securities. During the year ended September 30, 2022, the City did not own any types of securities other than those permitted by statute.

For the purposes of presenting the statement of cash flows for Proprietary Funds, cash and cash equivalents are defined as cash and the funds' investment in the City's pooled accounts which provide cash-equivalent liquidity (Note III).

Receivables and payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All trade and property tax receivables are shown net of an allowance for uncollectibles.

The City's property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real property and certain personal property located in the City. Tax liens attach as of February 1. Taxes are due upon receipt of the tax bill.

Property taxes are limited by the Texas Constitution to \$2.50 per \$100 of assessed valuation and by City Charter to \$1.50 per \$100 assessed valuation. The combined tax rate to finance general governmental service and debt service for the year ended September 30, 2022 was \$0.57218 per \$100 of assessed valuation.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note I - Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Fund Balance (continued)

Inventories and prepaid items

In accordance with the consumption method of accounting, both inventories and prepaid items of governmental funds are recorded as expenditures when consumed rather than when purchased.

All inventories are valued at cost using the first-in/first-out ("FIFO") method. Inventories are offset by a fund balance reserve account in applicable governmental funds to indicate the inventory values are not available for appropriation and are not expendable financial resources.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Restricted assets

Certain resources set aside for the repayment of outstanding City debt are classified as restricted assets on the balance sheet because their use is limited. The "debt service reserve funds" are used to segregate resources accumulated for outstanding debt. The "construction funds" account includes, but is not limited to, unspent bond proceeds that are limited as to use for financing the acquisition or construction of capital assets.

The Crime Control and Prevention District (Special Revenue) Fund contains assets restricted for transition. The "transition" term is used to identify funds that are covered by Texas Sales Tax laws and has been restricted to offset future unforeseen circumstances (i.e. dissolution of the fund due to citizens vote to end operations of the district). If the half-cent sales tax funding CCD activities is discontinued, the restricted assets will be used to fund those activities until an alternate funding source can be identified (i.e., during the transition period).

In the Utility Fund, impact fees are a restriction imposed by the City's governing body for the purpose of collection of funds from developers for specific utility infrastructure improvement projects. State of Texas Statutes grant this authority to the City Council which upon their approval is valid for a five-year period. Every five years, the impact fee plan expires and a new program must be developed and submitted to Council for approval.

Assets limited to use

Assets limited to use and defined as noncurrent assets in the Utility Fund are customer deposits. This limitation is contractually supported. The City is not allowed to use the funds unless it is to refund back to the customer for good standing account history or that they default upon the terms of the agreement.

The Information Technology (Internal Service) Fund contains assets used for future system improvements. The intended purpose is to fund major computer system software and hardware system replacements and upgrades.

The Facilities and Construction Services and Fleet Services (Internal Service) Funds contain assets to be used for building and equipment maintenance and replacement. The building reserve is used to accumulate funds for the implementation of the multi-year plan. The equipment reserve is used to accumulate funds for the replacement of vehicles and heavy equipment.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note I - Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Fund Balance (continued)

The Self-Insurance (Internal Service) Fund contains assets to be used for future insurance claims. Funds will be accumulated until needed to cover these costs of excessive claims or until management has determined sufficient funds have been accumulated to cover future claims. Future claims of the Self-Insurance Internal Service Fund are funds set aside and obligated for medical, dental, prescription, or other risk payables that could arise in future fiscal periods. This fund has a very proactive approach to plan for future claims and ensure that funding is available to pay should the need occur.

Capital assets

Capital assets, including property, plant, equipment, and infrastructure assets (e.g., roads, bridges, drainage facilities, parks and related improvements, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary fund level financial statements. Capital assets are defined by the City as assets with an initial, individual cost of at least \$5,000 and an estimated useful life in excess of one year. Assets purchased or constructed are recorded at historical cost when available or estimated historical cost if actual cost is unavailable (except for intangible right-to-use leased assets). Donated capital assets are recorded at estimated acquisition value at the date of donation. Intangible assets follow the same capitalization policies as tangible capital assets and are reported with tangible assets in the appropriate capital asset class.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets of the primary government are capitalized at the following thresholds and are depreciated/amortized using the straight-line method over the following estimated useful lives:

Asset Category	Useful Life	Capitalization Threshold
Land		\$ -
Buildings and improvements	30 years	100,000
Other improvements	30 years	100,000
Water, sewer system and other infrastructure	33 years	100,000
Furniture and fixtures, & certain machinery and equipment	10 years	5,000
Right-to-use leased equipment	10 years *	5,000
Firetrucks and ambulances	20 years	5,000
Other machinery and equipment including vehicles	3-12 years **	5,000

* Shorter of lease term or useful life.

** Range is due to different machinery and equipment having different levels of capitalization thresholds within fiscal policy.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note I - Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Fund Balance (continued)

Compensated absences

City employees are granted vacation leave in varying amounts depending on length of service. Sick leave is also granted to employees. In the event of termination, an employee will be paid for all unused vacation leave credit upon separation from employment with the City. Employees who are eligible to utilize their accrued vacation but who have not completed their probationary period are not eligible to be paid for unused vacation at the time of separation. No reimbursement is made for unused accumulated sick leave upon termination of employment, except upon retirement. Upon retirement, an employee may convert up to six weeks of accrued sick leave to vacation. Sick pay is recorded when taken. All vacation pay is accrued as vested and included in accrued liabilities in the government-wide and proprietary fund financial statements. Accrued vacation pay, including converted sick leave, that is expected to be liquidated within one year, is reported as a short-term liability. The remainder of the liability is reflected as long-term.

Long-term obligations

In the government-wide financial statements and proprietary funds financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Bond premiums and discounts and gains/losses on bond refunding transactions are deferred and amortized over the life of the related debt.

In the fund financial statements, governmental funds recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and therefore will not be recognized as an outflow of resources (expense/expenditure) until then. The City has three items that qualify for reporting in this category. It is the deferred charge on refunding reported in the government-wide statement of net position, deferred amounts related to pension, and deferred amounts related to OPEB. The deferred charge on refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred amounts related to pension and OPEB relate differences between estimated and actual investment earnings, changes in actuarial assumptions, and other pension and OPEB related changes.

In addition to liabilities, the statement of financial position includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and therefore will not be recognized as an inflow of resources (revenue) until that time. The City has five items that qualify for reporting in this category. Unavailable revenue is reported only in the governmental funds balance sheet from the following sources: ambulance fees, property taxes, grants, assessments, and leases. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available, or within 60 days of the fiscal year-end. In the government-wide financial statements the City reports deferred amounts related to pension, OPEB, gain/losses on bond refundings, and leases. The deferred gain/loss on refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note I - Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Fund Balance (continued)

Leases

Lessee: The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements for noncancellable leases of buildings, equipment, vehicles, and other machinery. The City recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessor: If the City enters into a noncancellable lease agreements in which the City is a lessor, the City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note I - Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Fund Balance (continued)

Fund balance

Fund balances are reported within one of the fund balance categories listed below:

1. *Nonspendable*, such as fund balances associated with inventories, prepaids, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned),
2. *Restricted* fund balance category includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation,
3. *Committed* fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the City's Council (the city's highest level of authority),
4. *Assigned* fund balance classification are intended to be identified and authorized for specific purposes by the City's authorized representative by the Council (City Manager) and for other purposes that cannot be classified as restricted or committed,
5. *Unassigned* fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

Committed Fund Balance Policy

Fund balances are committed by the City Council under specific resolutions or ordinances which were adopted to restrict the utilization of special revenue sources. Once the resolutions or ordinances are adopted, the limitation imposed remains in place until a similar action is taken (the adoption of another resolution or ordinance) to remove or revise the limitation.

Fund balance reporting as a result of resolutions and ordinances passed by City Council:

- General Donations or contributions to the City that do not have specific goals designated by the donor are committed by council resolution to keep the original general intent for which they were received.
- Drainage Utility Fees are to be utilized for the infrastructure or debt service for such infrastructure.
- Gas Development funds are used for specific projects for various reasons such as deemed necessary by city management.

Assigned Fund Balance Policy

Approved by the fund balance policy, the City's Assigned Fund Balance is under the direction of the City Manager, (as authorized by the City Council).

- Capital projects are proceeds assigned by management through budget appropriations to fund special capital projects not funded through bond proceeds,
- Recreation Centre assignment is net operations for the program for future infrastructure maintenance and operational needs,
- Encumbrances are purchases procured in the current fiscal year but will not be delivered or services accomplished until the next fiscal year. This assignment of prior year encumbrances ensures resources are available to complete the purchases.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note I - Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Fund Balance (continued)

Fund Balance Flow Assumptions

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance depleted before using any of the components of unrestricted fund balance. Further when the components of unrestricted fund balance can be used for the same purposes, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Minimum Fund Balance

At the end of each fiscal year, the General Fund should maintain a minimum unassigned fund balance that is no less than 15% of the subsequent year's General Fund Appropriated Expenditure budget. This target amount has been established in order to provide a reasonable level of assurance that the City's day-to-day operations will be able to continue even if circumstances occur where revenues are insufficient to cover expenditures.

Note II - Reconciliation of Government-Wide and Governmental Fund Financial Statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position.

One element of that reconciliation explains that "capital assets used in governmental activities (excluding internal service capital assets) are not financial resources and, therefore, are not reported as assets in governmental funds." The details of the difference are as follows:

Capital assets, net of depreciation (internal service funds excluded)	\$ 315,195,715
Construction in progress (internal service funds excluded)	<u>9,900,301</u>
Net adjustment to increase fund balance - total governmental funds to arrive at net position - governmental activities	<u><u>\$ 325,096,016</u></u>

The second element of that reconciliation explains that "certain receivables are not available to pay current-period expenditures and, therefore, are deferred in the funds." The details of the difference are as follows:

Unavailable revenue	<u>\$ 12,008,252</u>
Net adjustment to increase fund balance - total governmental funds to arrive at the position - governmental activities	<u><u>\$ 12,008,252</u></u>

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note II - Reconciliation of Government-Wide and Governmental Fund Financial Statements (continued)

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position (continued)

Another element of that reconciliation explains that “the assets and liabilities of the internal service funds are included with governmental activities in the Statement of Net Position but are not included at the fund level.” The details of the difference are as follows:

Net position, internal service funds combined	\$ 30,491,179
Amount allocated to business-type activities	<u>(13,184,232)</u>
Net adjustment to increase fund balance - total governmental funds	
to arrive at net positions - governmental activities	<u>\$ 17,306,947</u>

The last element of that reconciliation explains that “long-term liabilities (excluding internal service funds), including bonds payable and related deferred inflows and outflows of resources are not due and payable in the current period and, therefore, are not reported in the funds.” The details of the difference are as follows:

Bonds payable	\$ (100,530,000)
Unamortized premiums/discounts on bonds payable	(6,866,307)
Deferred loss on refunding	271,242
Accrued interest payable	(441,999)
Special assessment bonds payable	(8,050,000)
Leases payable	(88,144)
Compensated absences	(3,490,504)
Net OPEB liability	(27,200,539)
Deferred outflows - OPEB	2,027,359
Deferred inflows - OPEB	(8,114,445)
Net pension liability	(2,944,036)
Deferred outflows - pension	7,150,585
Deferred inflows - pension	<u>(14,778,519)</u>
Net adjustment to reduce fund balance - total governmental funds	
to arrive at net position - governmental activities	<u>\$ (163,055,307)</u>

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note II - Reconciliation of Government-Wide and Governmental Fund Financial Statements (continued)

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balance includes a reconciliation between net changes in fund balance – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities.

One element of that reconciliation explains that “governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of the difference are as follows:

Capital outlay in excess of capitalization threshold	\$ 12,895,323
Depreciation/amortization expense	<u>(13,080,193)</u>
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ (184,870)</u>
Asset retirements and impairments, net of proceeds	<u>\$ (182,726)</u>
Net adjustment to decrease net changes in fund balance - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ (182,726)</u>

The next element of that reconciliation explains that “certain revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the governmental funds. These differences are the net change in deferred inflows of resources.” The current year difference is \$5,707,226.

The next element of that reconciliation explains that “certain long-term liabilities are accrued at the government-wide level but not at the fund level.” The details of the difference are as follows (Excludes Internal Service Funds):

Changes in:	
Accrued interest/interest expense	\$ (116,149)
OPEB expense	1,211,796
Pension expense	5,091,217
Compensated absences	<u>(219,317)</u>
Net adjustment to decrease net changes in fund balance - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 5,967,547</u>

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note II - Reconciliation of Government-Wide and Governmental Fund Financial Statements (continued)

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities (continued)

Another element of that reconciliation states that “bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the difference between repayments and proceeds received.” The details of the difference are as follows: (Excludes Internal Service Funds)

Long-term debt issued or incurred:	
Certificates of obligation bonds	\$ (12,200,000)
Principal repayments on debt	21,985,000
Premium on bond sale	(875,378)
Principal repayments on leases	33,562
Current year amortization of bond premium, discount, deferred inflows and outflows (gain and loss)	<u>559,668</u>
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 9,502,852</u>

Another element of that reconciliation states that “the net revenue (expense) of internal service funds is reported with governmental activities.” The details of the difference are as follows:

Change in net position - internal service funds combined	\$ 6,602,153
Income (Expenses) reflected in business-type activities	<u>(3,159,786)</u>
Net adjustment to decrease net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 3,442,367</u>

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note III - Detailed Notes on all Funds

A. Deposits and investments

Deposits - The City maintains an entity wide cash and investment pool that is available for use by all funds. Each fund's portion of the pool is displayed on the statement of net position as "Cash, Cash Equivalents and Investments".

The investment policy of the City is governed by State statute and a Council adopted City Investment Policy. Major controls stipulated in the Investment Policy include: depository limitations require Federal Deposit Insurance Corporation ("FDIC") insurance or full 100 percent collateralization; depositories are limited to Texas banking institutions; all collateral for repurchase agreements and deposits held by independent third party trustees; all settlement is delivery versus payment; all authorized investments are defined; and diversification guidelines are set as are maximum maturity and maximum weighted average maturity. State statutes require all time and demand deposits to be fully insured or collateralized. At September 30, 2022, the bank balances of the City's demand deposits were \$9,541,834. Accounts with under \$250,000 balance of either an interest-bearing account or non-interest-bearing account are covered by FDIC deposit insurance. The total cash held in demand deposits has been materially collateralized and meets the statutes' requirements.

As of September 30, 2022, the City's investment pool portfolio (excluding bank deposits) are held by the City's custodian in the City's name under written agreements. The City's custodian is JP Morgan Chase. The City's investment portfolio, excluding the fiduciary fund, held the following cash, cash equivalents, and investments as of September 30, 2022:

Cash on hand (petty cash, cashier tills)	\$ 96,595
Demand Deposit Accounts	10,268,042
Investment Pools	119,244,102
Government Mutual Fund	1,247,555
Federal Agency Bond / Note	21,000,724
Federal Agency Commercial Mortgage- Backed Securities	238,519
Municipal Bond / Note	3,903,890
Commerical Paper	4,673,203
U. S. Treasury Bond / Note	23,643,834
Total Deposits and Investments	<u>\$ 184,316,464</u>

Legal provisions generally permit the City to invest in certificates of deposit, repurchase agreements, public funds investment pools, direct obligations of the United States of America or its subdivisions, and state and local government securities. Because the City is responsible for the investment portfolio of its blended component units, the City's investment practices and policies disclosed herein apply equally to its component units. During the year ended September 30, 2022, the City did not own any types of securities other than those permitted by statute.

TexPool falls under the purview of the Texas Comptroller of Public Accounts ("Comptroller") who is responsible for oversight of TexPool operations. TexasRange is directed by an Advisory Board of experienced local government officials, finance directors and treasurers and is managed by a team of industry leaders that are focused on providing professional investment services to investors. Duties of the governing boards include oversight responsibility. The Comptroller and the governing boards exercise oversight of the pools' activities via daily, weekly, and monthly reporting requirements. Additionally, per the requirements of the Public Funds Investment Act ("PFIA"), all pools will maintain an AAA or equivalent rating from at least one nationally recognized rating agency. The PFIA also requires an annual examination of the financial statements of the pools by an independent certified public accounting firm. TexPool is carried at amortized cost and TexasRange is carried at net asset value.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note III - Detailed Notes on all Funds (continued)

A. Deposits and investments (continued)

Investments - Weighted average maturity ("WAM") of the portfolio by investment type categories reflected in the following table is stated in days. Additional information about the rating agency or the significance of the ratings provided may be obtained from the agency's web site. As of September 30, 2022, the City held the following investments:

Investment Type	WAM	S&P Rating	Moody Rating	Carrying Value
Investment Pools:				
TexPool	1	AAAm	N/A	\$ 104,155,999
TexasRange	1	AAAm	N/A	15,088,103
Government Mutual Fund	29	AAAm	Aaa-mf	1,247,555
Federal Agency Bond / Note	427	AA+	Aaa	21,000,724
Federal Agency Commercial Mortgage- Backed Securities	421	AA+	Aaa A2, Aa1, Aa2,	238,519
Municipal Bond / Note	922	A+, AA, AA+	Aa3	3,903,890
Commerical Paper	145	AAA	Aaa	4,673,203
U. S. Treasury Bond / Note	473	AA+	Aaa	23,643,834
Total Portfolio	142			<u><u>\$ 173,951,827</u></u>

In accordance with GASB Statement No. 72, "Fair Value Measurement and Application," the City records investments at fair value. However, for participating interest-earning investments contracts with maturities of one year or less at time of purchase, the City reports these investments at amortized cost.

Interest Rate Risk

Interest rate risk is the potential for a decline in market value due to rising interest rates. In accordance with its formally adopted investment policy, the City manages its exposure to declines in fair market value by limiting the portfolio's weighted average maturity to a maximum of 730 days. The City also employs an investment maturity laddering structure to stagger investment maturities at various monthly rungs on the ladder. This laddering structure provides the City with the ability to reinvest the proceeds from the maturities in higher-yielding securities given the proceeds are not required to meet immediate cash flow needs.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note III - Detailed Notes on all Funds (continued)

A. Deposits and investments (continued)

Custodial Credit Risk

Custodial credit risk is the risk that a government will not be able to recover (a) deposits if the depository financial institution fails or (b) the value of investment or collateral securities that are in the possession of an outside party if the counterparty to the investment or deposit transaction fails. To minimize such risk, the City requires collateralization of most deposits in excess of coverage, utilizes the delivery vs. payment method for investment purchases, and contracts with a third-party safekeeping agent. In conjunction with JP Morgan Chase, the City has exercised the option to accept a Federal Home Loan Bank Irrevocable Standby Letter of Credit, as the first \$9,600,000 of collateral.

Per the terms of its depository agreement, for bank deposits in excess of the coverage provided by the FDIC, the City requires the depository bank to pledge to the City securities (collateral) equal to the following percentages, as applicable, to the largest balances the City maintains in the Bank.

<u>Maturity of Collateral</u>	<u>U.S. Treasuries</u>	<u>Other Securities</u>
1 year or less	101%	102%
1 year to 5 years	102%	105%
Over 5 years	103%	110%

The percentages as shown reflect the requirement based on fair value of the pledged securities.

The City’s depository bank also acts as its safekeeping agent per the terms of the depository contract. City policy dictates that all securities rendered for payment will be sent delivery vs. payment meaning that the funds required for purchase of a security will not be released until the safekeeping agent has received the security purchased in the City’s name. No broker holds City funds. The City does not purchase securities from its depository bank or any subsidiary banks of the same bank holding company.

Credit Risk

The Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In order to minimize credit risk, the City limits investments to those rated as to investment quality of not less than “A” or its equivalent by a nationally recognized rating firm. Diversification of the portfolio is also employed to manage credit risk. The investment policy limits the percentage of the portfolio that may be invested in any specific type of security. Ratings for the City’s investments and the percentage of the total portfolio of each investment type held at the end of year can be found on the first table in this section.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note III - Detailed Notes on all Funds (continued)

A. Deposits and investments (continued)

Other Post-Employment Benefit ("OPEB") Trust Fund Investments

The City has contracted with Public Agency Retirement Services ("PARS") for trust administration and Union Bank serves as the trustee for all investments of the OPEB Trust Fund. The OPEB Plan does not have a formal policy for custodial credit risk. As of September 30, 2022 all investments are registered in the name of the OPEB Plan's custodian established through a master trust custodial agreement. The OPEB Trust Fund investments are carried at fair value of \$2,522,641 as of September 30, 2022. The investment in master trust is classified in Level 3 of the fair value hierarchy using quoted market prices of the mutual funds owned by the trust, allocated among members. The Trust's funds are invested in a mutual fund that is invested in equity, money market and fixed income mutual funds. The investment strategy of the OPEB Trust Fund is to provide current income with capital appreciation. The credit rating and weighted average maturity is not available for the pool.

- **Interest Rate Risk** – Interest rate risk is the potential for a decline in market value due to rising interest rates. In accordance with its formally adopted investment policy, the Trust committee has chosen to use moderate risk levels. Exposure to market fluctuations can occur, and the investment strategy is reviewed annually to ensure that exposure to these market fluctuations is appropriate.
- **Custodial Credit Risk** – Custodial credit risk is the risk that a government will not be able to recover (a) deposits if the depository financial institution fails or (b) the value of investment or collateral securities that are in the possession of an outside party if the counterparty to the investment or deposit transaction fails. The Trust is not covered by any collateral agreement or FDIC insurance.
- **Credit Risk** – The Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The risk tolerance chosen by the Trust is moderate. The mutual fund investment is not rated.

Fair Value of Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- | | |
|---------|---|
| Level 1 | Quoted prices in active markets for identical assets or liabilities |
| Level 2 | Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities |
| Level 3 | Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities |

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note III - Detailed Notes on all Funds (continued)

A. Deposits and investments (continued)

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying financial statements measured at fair value on a recurring basis and the level within the fair hierarchy in which the fair value measurements fall at September 30, 2022:

	Fair Value	Level 1	Level 2	Level 3
Investments measured at fair value:				
Government Mutual Fund	\$ 1,247,555	\$ -	\$ 1,247,555	\$ -
Federal Agency Bond / Note	21,000,724	-	21,000,724	-
Federal Agency Commercial Mortgage- Backed Securities	238,519	-	238,519	-
Municipal Bond / Note	3,903,890	-	3,903,890	-
Commercial Paper	4,673,203	-	4,673,203	-
U. S. Treasury Bond / Note	23,643,834	-	23,643,834	-
Total investments measured at fair value	54,707,725	\$ -	\$ 54,707,725	\$ -
Investments measured at net asset value - TexasTERM	15,088,103			
Investments measured at amortized cost - TexPool	104,155,999			
Total investments	\$ 173,951,827			

Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient or amortized cost have not been classified in the fair value hierarchy. The fair value amounts included above approximate net asset value for all related external investment pool balances.

Investments in State Investment Pools

During the year, the City invested in multiple public investment pools, including TexPool and TexasRange. TexasRange is measured at net asset value and are designed to approximate the share value, while TexPool is measured at amortized cost. Each pool's governing body is comprised of individuals who are employees, officers, or elected officials of participants in the funds or who do not have a business relationship with the fund and are qualified to advise. Investment objective and strategies of the pools are to seek preservation of principal, liquidity and current income through investment in a diversified portfolio of short-term marketable securities. Pools offer same day access to investment funds.

Construction Commitments

The City has active construction projects as of September 30, 2022. The projects include street construction, widening, and streetscaping, as well as construction of drainage facilities, parks and park improvements, and municipal facilities. At year-end the City's commitments with contractors were as follows:

	Project Authorization	Stored and Completed to Date	Remaining Commitment
Streets, drainage, public safety, park improvements, municipal facilities, equipment, and utility improvements	\$ 27,440,763	\$ 11,264,889	\$ 16,175,874

Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

	Encumbrances
General Fund	\$ 419,832
General Capital Projects	2,954,363
Parks and Recreation Development	25,411
Total	\$ 3,399,606

Current Year Debt Issuances

In September 2022, the City issued Series 2022 General Obligation Bonds in the amount of \$11,830,000. The bonds were issued at a premium of \$847,818 and mature in fiscal year 2042 with interest rates ranging from 3.00% to 5.00%. The proceeds of the sale will be used for (i) constructing and equipping City streets, roads, and intersections, and related curb, gutter, sidewalk, trail, drainage and utility infrastructure improvements, and the acquisition of land, easements, rights-of-way, and other real property interests necessary therefor, and (ii) professional services rendered in relation to such projects and the financing thereof.

In September 2022, the City issued Series 2022 Tax and Waterworks and Sewer System (Limited Pledge) Revenue Certificates of Obligation in the amount of \$3,645,000. The certificates were issued at a premium of \$279,277 and mature in fiscal year 2042 with interest rates ranging from 4.25% to 5.00%. The proceeds of the sale will be used for (i) constructing, acquiring, purchasing, renovating, enlarging, equipping, and improving the City's water and sewer system facilities, including the acquisition of land and rights-of-way therefor, (ii) acquiring fleet vehicles and equipment for various City departments, including the fire/emergency services department, and (iii) professional services rendered in relation to such projects and the financing thereof.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note III - Detailed Notes on all Funds (continued)

E. Long-term debt (continued)

Current Year Defeasance

In the current year, the government defeased all remaining debt related to TIF #2 outstanding as of March 31, 2022. The City used current resources of \$7,875,046 and deposited the amounts in an irrevocable trust account to provide for future debt service payments in the amount of \$7,730,000 on the old bonds. The transaction resulted in net present value savings in the amount of \$471,698. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the government's financial statements. At September 30, 2022, the City had \$7,730,000 in defeased bonds outstanding.

F. Lease Receivable

The City was lessor to three lease agreements which were active as of October 1, 2021, the date of implementation of GASB Statement No. 87, *Leases*.

As of October 1, 2021, the City had a remaining 58-month lease as Lessor for the use of a cell tower. An initial lease receivable was recorded in the amount of \$56,484.15. As of September 30, 2022, the value of the lease receivable is \$42,515. The lessee is required to make annual fixed payments of \$14,482. The lease has an interest rate of 1.0900%. The value of the deferred inflow of resources as of September 30, 2022 was \$44,798, and the City recognized lease revenue of \$11,686 during the fiscal year. The lessee has 3 extension option(s), each for 60 months. The lessee had a termination period of 12 months as of the lease commencement.

As of October 1, 2021, the City had a remaining 208-month lease as Lessor for the use of a restaurant building. An initial lease receivable was recorded in the amount of \$645,115.67. As of September 30, 2022, the value of the lease receivable is \$615,188. The lessee is required to make monthly fixed payments of \$3,521. The lease has an interest rate of 2.1350%. The value of the deferred inflow of resources as of September 30, 2022 was \$607,897, and North Richland Hills, TX recognized lease revenue of \$37,218 during the fiscal year. The lessee has 2 extension option(s), each for 120 months.

As of October 1, 2021, the City had a remaining 208-month lease as Lessor for the use of a restaurant building. An initial lease receivable was recorded in the amount of \$928,863. As of September 30, 2022, the value of the lease receivable is \$884,295. The lessee is required to make monthly fixed payments of \$5,191. The lease has an interest rate of 2.1350%. The value of the deferred inflow of resources as of September 30, 2022 was \$875,275, and North Richland Hills, TX recognized lease revenue of \$53,588.27 during the fiscal year. The lessee has 2 extension option(s), each for 120 months.

G. Special Item

On November 10, 2021, the TIF #1 and #1A Board met and voted to recommend the North Richland Hills City Council take action to close TIF #1 and #1A. On June 27, 2022, the North Richland Hills City Council passed Ordinance Number 3746, which terminated the zones, dissolved the Board of Directors, and authorized the disbursement of remaining funds to the participating entities. On March 31, 2022, in anticipation of the TIF # 2 closure, the outstanding debt for TIF#2 was defeased. On June 27, 2022, the North Richland Hills City Council passed Ordinance Number 3747, which terminated the zone, dissolved the Board of Directors, and authorized the disbursement of remaining funds to the participating entities. The final disbursements to all entities for TIF #1, TIF #1A, and TIF #2 occurred in September 2022. The amounts were distributed out of the TIF #1 Capital Projects Fund and the TIF #2 Capital Projects Fund. Amounts due back to the City were distributed to the General Capital Projects fund and the Parks and Recreation Development fund. The remaining amounts were distributed to external parties. All distributions related to the TIF closures were reported as a special item in the financial statements. Detail of the distribution recipients is as follows:

Distribution Recipient	TIF #1 & 1A	TIF #2	Total
City of North Richland Hills:			
General Capital Projects	\$ 68,132	\$ 12,603,886	\$ 12,672,018

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note IV - Other Information

A. Risk Management

The government is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. While the City has historically retained a portion of these risks, coverage exists for: general, employment practice, law enforcement, and errors and omissions liability; excess workers' compensation; property damage; commercial crime coverage; and employee life insurance. Premiums are paid into the self-insurance internal service fund by all other participating funds and are available to pay claims, claim reserves, and administrative costs of the program.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for health and dental as well as workers' compensation claims that have been incurred but not reported ("IBNR"). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic and social factors. An excess coverage medical insurance policy covers individual claims in excess of \$175,000 and/or \$10,386,756 in the aggregate for a 12-month period beginning on January 1, 2022. Changes in the balances of claims liabilities during the past two years are as follows:

	2022	2021
Unpaid claims, beginning of year	\$ 1,129,330	\$ 1,086,125
Incurred claims (including IBNR)	9,998,100	9,562,425
Claim payments	<u>(10,207,385)</u>	<u>(9,519,220)</u>
Unpaid claims, end of year	<u>\$ 920,045</u>	<u>\$ 1,129,330</u>

B. Contingent Liabilities

The City is a defendant in certain lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City's counsel the resolution of these matters will not have a material adverse effect on the financial condition of the City.

C. Postemployment Benefits

The City offers its employees a deferred compensation plan (the "Plan") created in accordance with Internal Revenue Code Section 457. The Plan is administered by Public Employees Benefit Services Corporation. In 1998, the City implemented the requirements of GASB No. 32, *Accounting and Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. In accordance with this statement and tax law, the City has amended its trust agreements which establish that all assets and income of the trust are for the exclusive benefit of eligible employees and their beneficiaries. Due to the implementation of these changes, the City does not have any fiduciary responsibility or administrative duties relating to the deferred compensation plan other than remitting employees' contributions to the trustees. Accordingly, the City has not presented the assets and liabilities of the Plan in these basic financial statements.

CITY OF NORTH RICHLAND HILLS, TEXAS

Note IV - Other Information (continued)

C. Postemployment Benefits (continued)

Retiree Healthcare Plan

Plan Description - The City of North Richland Hills Retired Employees Healthcare Plan ("NRHREHP") is a single-employer defined benefit healthcare plan and is self-administered through an internal oversight committee (appointed by the City Manager through conveyed authority from City Council). NRHREHP provides medical, prescription, and dental insurance benefits to eligible retirees and their spouses. City council is the authoritative body granting health care benefits for both active and retired employees. The City provides postretirement health and dental care benefits for retirees and their dependents. The City does not have a separate audited generally accepted accounting principles financial report for the retiree health plan.

Benefits Provided – Full-time employees of the City who meet the City's requirements are eligible to participate in the retiree health care plan. Upon terminating from active service, employees must have separated in "good standing", be eligible to retire under the Texas Municipal Retirement System (age 60 with 5 years of service or 20 years of service at any age) with the declared intent to begin to receive an annuity check from TMRS, and must have been covered under the City's health plan on the retiree's last day of active employment. Reduced premium rates for medical and dental coverage are offered to eligible retirees that have attained age 55 at retirement and meet one of the following plan rules:

Plan Rule	Multiplier
90 Plan	1.00
85 Plan	1.25
80 Plan	1.50
Access Plan	1.75

To be eligible for the 90 Plan, 85 Plan or 80 Plan, retirees must have attained the applicable combined number of years of service plus age at time of retirement. To be eligible for the Access Plan, retirees must have attained age 60 with at least 10 years of service. Service requirements are based on continuous service with the City of North Richland Hills. Pre-65 medical premiums for 90 Plan retirees will be set to 20% of the total cost. Dental premiums for 90 Plan retirees are also reduced. For retirees that meet one of the other Plan Rules, applicable multiplier is applied to the premium rates for 90 Plan retirees. Medical coverage through the City's pre-65 health plan ceases when retirees/spouses become eligible for Medicare benefits. Vision benefits are available to retirees through a fully insured plan in which retirees pay 100% of the vision premiums. The City does not provide life insurance coverage for retirees or their dependents.

At December 31, 2021, valuation and measurement date, the following employees were covered by the benefit terms:

Membership	
Retirees and beneficiaries	182
Inactive, nonretired members	-
Active members	544
Total	726

Contributions - The contribution requirements of plan members and the City are established and may be amended by the City Council members. The required contribution is based on projected pay-as-you-go financing requirements, with an additional amount to prefund. For plan year 2021, the City contributed a total of \$1,056,992 to the plan for benefit payments, which was for health insurance benefit payments.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note IV - Other Information (continued)

C. Postemployment Benefits (continued)

Net OPEB Liability - The City's net OPEB liability ("NOL") was measured as of December 31, 2021 and the total OPEB liability ("TOL") used to calculate the NOL was determined by an actuarial valuation as of that date.

Actuarial Assumptions - The TOL in the actuarial valuation was based on an actuarial valuation performed as of December 31, 2021. The following are the actuarial assumptions:

Valuation Date: December 31, 2021

Methods and Assumptions:

Actuarial Cost Method	Individual Entry-Age Normal
Single Discount Rate	2.45% as of December 31, 2021
Inflation	2.50%
Salary Increases	3.50% to 11.50%, including inflation
Demographic Assumptions	Based on the experience study covering the four-year period ending December 31, 2018 as conducted for the Texas Municipal Retirement System (TMRS)
Mortality	For healthy retirees, the gender-distinct 2019 Municipal Retirees of Texas mortality tables are used. The rates are projected on a fully generational basis using the ultimate mortality improvement rates in the MP tables to account for future mortality improvements.
Health Care Trend Rates	Pre-65: Initial rate of 7.00% declining to an ultimate rate of 4.50% after 15 years; Post-65: Initial rate of 5.50% declining to an ultimate rate of 4.15% after 14 years
Participation Rates	85% for retirees meeting eligibility requirements for the 90 Plan; 75% for retirees meeting eligibility requirements for the 85 Plan; 60% for retirees meeting eligibility requirements for the 80 Plan; 60% for retirees meeting eligibility requirements for the Access Plan; 0% for retirees who are not eligible for any of the Plan Rules

Other Information: The Single Discount Rate changed from 2.62% as of December 31, 2020 to 2.45% as of December 31, 2021. Additionally, the expected long-term rate of investment return was lowered from 6.25% to 6.00%.

Discount Rate - Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). For the purpose of this valuation, the expected rate of return on OPEB plan investments is 6.00%; the municipal bond rate is 1.84% (based on the daily rate closest to but not later than the measurement date of the Fidelity "20-Year Municipal GO AA Index"); and the resulting Single Discount Rate is 2.45%.

Basis of Allocation - OPEB items are allocated between governmental activities and business-type activities on the basis of employee payroll funding. For the year ended September 30, 2022, those percentages were 90% and 10%, respectively, which approximated the prior year's allocations.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note IV - Other Information (continued)

C. Postemployment Benefits (continued)

Changes in Net OPEB Liability

	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a)-(b)
Balance at December 31, 2020	\$ 38,442,696	\$ 2,654,618	\$ 35,788,078
Service cost	1,346,438	-	1,346,438
Interest	1,012,300	-	1,012,300
Difference between expected and actual experience	(4,824,354)	-	(4,824,354)
Changes of assumptions	602,574	-	602,574
Contributions - employer	-	1,056,992	(1,056,992)
Net investment income	-	249,744	(249,744)
Benefits payments, including refunds of employee contributions	(956,992)	(956,992)	-
Administrative expense	-	(16,855)	16,855
Net changes	(2,820,034)	332,889	(3,152,923)
Balance at December 31, 2021	<u>\$ 35,622,662</u>	<u>\$ 2,987,507</u>	<u>\$ 32,635,155</u>

Changes of assumptions reflect a change in the Single Discount Rate from 2.62% as of December 31, 2020 to 2.45% as of December 31, 2021. This change increased the total OPEB liability. The long-term expected rate of investment return assumption was lowered from 6.25% to 6.00%. This change affected the Single Discount Rate assumption.

Consistent with the requirements of GASB Statements No. 74 and No. 75, employer contributions include "amounts for OPEB as the benefits come due that will not be reimbursed to the employer using OPEB plan assets." The employer contributions of \$1,056,992 consists of a trust contribution of \$100,000 and benefit payments of \$956,992, which were paid by the City using its own assets. Please see page C-1 for the development of the benefit payments amount.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the City, calculated using the discount rate of 2.45%, as well as what the City's net OPEB liability would be if it were calculate using a discount rate that is 1-percentage-point lower or 1-percentage higher than the current rate:

	1% Decrease in Discount Rate (1.45%)	Discount Rate (2.45%)	1% Increase in Discount Rate (3.45%)
City's Net OPEB Liability	\$ 36,467,117	\$ 32,635,155	\$ 29,324,360

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note IV - Other Information (continued)

C. Postemployment Benefits (continued)

The following presents the net OPEB liability of the City, calculated using the healthcare cost trend rate, as well as what the City's net OPEB liability would be if it were calculate using a trend rate that is 1-percentage-point lower or 1-percentage higher:

	1% Decrease	Current Healthcare Cost Trend Rate	1% Increase
City's Net OPEB Liability	\$ 28,709,364	\$ 32,635,155	\$ 37,441,065

OPEB Plan Fiduciary Net Position - Detailed information about the OPEB's plan Fiduciary Net Position is available in the basic financial statements section of the City of North Richland Hills Annual comprehensive financial report for the year-ended September 30, 2022.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2022, the City recognized an OPEB expense of \$493,699.

At September 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference in assumption changes	\$ 2,739,537	\$ (697,465)
Differences between expected and actual experience	-	(10,689,850)
Contributions subsequent to the measurement date	738,383	-
	<u>\$ 3,477,920</u>	<u>\$ (11,387,315)</u>

\$738,383 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability for the year ending September 30, 2023. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ended September 30,	Amount
2023	\$ (1,691,347)
2024	(1,731,634)
2025	(1,725,637)
2026	(1,644,159)
2027	(1,035,113)
Thereafter	(819,888)
	<u>\$ (8,647,778)</u>

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note IV - Other Information (continued)

D. Employee Retirement System and Pension Plan

Plan Description

The City of North Richland Hills participates as one of 883 plans in the nontraditional, joint contributory, hybrid agent multiple-employer defined benefit pension plan administered by the Texas Municipal Retirement System ("TMRS"). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the "TMRS Act") as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues an annual comprehensive financial report ("ACFR") available to the public that can be obtained at www.tmr.org.

All eligible employees of the city are required to participate in TMRS.

Benefits Provided

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's accumulated contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payments options.

Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of member's deposits and interest.

Benefits depend upon the sum of the employees' contributions to the plan, with interest, and the City-financed monetary credits, with interest. At the date the plan began, the City granted monetary credits for service rendered before the plan began of a theoretical amount equal to two times what would have been contributed by the employee, with interest, prior to establishment of the plan. Monetary credits for service since the plan began are a percent (100%, 150% and 200%) of the employee's accumulated contributions. In addition, the City can grant, as often as annually, another type of monetary credit referred to as an updated service credit. An updated service credit is a theoretical amount which, when added to the employee's accumulated contributions and the monetary credits for service since the plan began, would be the total monetary credits and employee contributions accumulated with interest if the current employee contribution rate and City matching percent had always been in existence and if the employee's salary had always been the average of his salary in the last three years that are one year before the effective date.

Members can retire at ages 60 and above with 5 or more years of service or with 20 years of service regardless of age. A member is vested after 5 years. The plan provisions are adopted by the City Council, within the options available in the state statutes governing TMRS and within the actuarial constraints also in the statutes.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note IV - Other Information (continued)

D. Employee Retirement System and Pension Plan (continued)

As the December 31, 2021, valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	442
Inactive employees entitled to but not yet receiving benefits	352
Active employees	544
	<u>1,338</u>

Contributions

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the city. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal ("EAN") actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the City were 16.83% and 16.81% in calendar years 2021 and 2022, respectively. The City's contributions to TMRS for the year ended September 30, 2022 were \$6,384,064, and were equal to the required contributions.

Net Pension Liability

The City's net pension liability ("NPL") was measured as of December 31, 2021, and the total pension liability ("TPL") used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial assumptions:

The total pension liability in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	23 Years (longest amortization ladder)
Asset Valuation Method	10 Years smoothed market; 12% soft corridor
Inflation	2.50%
Overall payroll growth	3.50% to 11.50% including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2019 valuation pursuant to an experience study of the period 2014 - 2018
Mortality	Post-retirement: 2019 Municipal Retirees of Texas Mortality Tables. The rates are projected on a fully generational basis with scale UMP. Pre-retirement: PUB(10) mortality tables, with the Public Safety table used for males and the General Employee table used for females. The rates are projected on a fully generational basis with scale UMP.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note IV - Other Information (continued)

D. Employee Retirement System and Pension Plan (continued)

Actuarial assumptions used in the December 31, 2021, valuation were based on the results of actuarial experience studies. The experience study in TMRS was for the period December 31, 2014 through December 31, 2018.

The long-term expected rate of return on pension plan investment was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). The target allocation and best estimates of arithmetic real rates of return for each major asset class in fiscal year 2022 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Global Equities	35.0%	7.55%
Core Fixed Income	6.0%	2.00%
Non-Core Fixed Income	20.0%	5.68%
Other Public and Private Markets	12.0%	7.22%
Real Estate	12.0%	6.85%
Hedge Funds	5.0%	5.35%
Private Equity	10.0%	10.00%
Total	100.0%	

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Basis of Allocation

Pension items are allocated between governmental activities and business-type activities on the basis of employee payroll funding. For the year ended September 30, 2022, those percentages were 83% and 17%, respectively, which approximated the prior year's allocations.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the City, calculated using the discount rate of 6.75%, as well as what the City's net pension liability would be if it were calculate using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage higher (7.75%) than the current rate:

	1% Decrease in Discount Rate (5.75%)	Discount Rate (6.75%)	1% Increase in Discount Rate (7.75%)
City's Net Pension Liability	\$ 46,837,822	\$ 4,220,714	\$ (30,736,741)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separately- issued TMRS financial report. That report may be obtained on the internet at www.tmrs.com.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note IV - Other Information (continued)

D. Employee Retirement System and Pension Plan (continued)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2022, the City recognized pension expense of \$669,950.

At September 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual investment earnings	\$ -	\$ (17,829,426)
Difference in assumption changes	135,972	-
Differences between expected and actual experience	3,203,457	(91,343)
Contributions subsequent to the measurement date	5,075,814	-
	<u>\$ 8,415,243</u>	<u>\$ (17,920,769)</u>

\$5,075,814 reported as deferred outflows of resources related to pension resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2023. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year	Amount
2023	\$ (2,052,890)
2024	(6,614,461)
2025	(2,916,029)
2026	(2,997,960)
	<u>\$ (14,581,340)</u>

E. Tax Incentive Rebates

The City of North Richland Hills currently has one (1) active Commercial Development and Job-Related Incentive Rebates that develop or redevelop a particular property attracting business that generates incremental tax revenues. The agreement is subject to Chapter 380 of the Texas Local Government Code that promotes local economic development, commercial activity and business stimulation. City Council approves the agreements via resolution. As part of the agreement, the City agrees to rebate the ad valorem tax increment and the local sales tax after confirmation of payment. If the businesses do not meet the obligations as set forth in the agreement, a claw-back provision for default on agreement is included in the agreement and the business agrees return a percentage of the rebate back to the City. Total rebate of taxes for fiscal year 2022 was \$135,560.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)

Note IV - Other Information (continued)

F. Implementation of New Accounting Standards

GASB No. 87, *Leases*, was issued to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The financial statements have been updated to reflect this new standard.

G. Subsequent Events

In November 2022, City issued \$14,205,000 of Series 2022A Tax and Waterworks and Sewer System (Limited Pledge) Revenue Certificates of Obligation. Proceeds from the sale of the Certificates will be used for (i) constructing, renovating, equipping, and improving various City streets, roads, and intersections, and related curb, gutter, sidewalk, trail, drainage and utility infrastructure improvements, and the acquisition of land, easements, rights-of-way, and other real property interests necessary therefor, (ii) constructing, acquiring, purchasing, renovating, enlarging, equipping, and improving the City's water and sewer system facilities, including the acquisition of land and rights-of-way therefor, (iii) acquiring fleet vehicles and equipment for various City departments, including the fire/emergency services department and public works, and (iv) professional services rendered in relation to such projects and the financing thereof.

H. Deficit Fund Balance

The Grants Fund had a deficit fund balance of \$356,601 as of September 30, 2022 due to certain projects being funded out of this special revenue fund prior to the official notice of grant award. The deficit will be replenished in the future with grant funds. If grant funds are not awarded, the deficit will be replenished by the General Fund.

Required Supplementary Information

NRH Public Works Street division crews replace a section along a residential street.

In 2020, the Street Division resurfaced approximately 7 miles of residential streets. Additionally, the Street Division excavated and patched over 66,859 square feet of asphalt pavement and sealed approximately 29 miles of pavement.

In 2021, the Street Division resurfaced approximately 4.84 miles of residential streets. Additionally, the Street Division excavated and patched over 27,015 square feet of asphalt pavement and sealed approximately 22 miles of pavement.

In 2022, the Street Division resurfaced approximately 3.71 miles of residential streets. Additionally, the Street Division excavated and patched over 26,212 square feet of asphalt pavement and crack sealed approximately 8 miles of pavement.

Contribution deficiency (excess)	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Covered payroll	\$ 39,820,111	\$ 38,194,320	\$ 38,791,732	\$ 36,587,770	\$ 35,403,126	\$ 34,086,933	\$ 33,017,098	\$ 32,471,592
Contributions as a percentage of covered payroll	16.77%	16.71%	16.29%	16.14%	16.18%	16.31%	16.41%	17.03%

Valuation Date: Actuarially determined contribution rates are calculated as of December 31, and become effective in January 13 months later.

Methods and Assumptions Used to Determine Contribution Rate:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	23 Years
Asset Valuation Method	10 Year Smoothed Market; 12% soft corridor
Inflation	2.50%
Salary Increases	3.50% to 11.50% including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2019 valuation pursuant to an experience study of the period 2014 - 2018.
Mortality	Post-retirement: 2019 Municipal Retirees of Texas Mortality Tables. The rates are projected on a fully generational basis with scale UMP. Pre-retirement: PUB(10) mortality tables, with Public Safety table used for males and the General Employee table used for females. Rates projected on fully generational basis with scale UMP.

Other Information: There were no benefit changes during the year.

The information in this schedule has been determined as of the measurement date (December 31) of the City's net pension liability and is intended to show information for 10 years. However, until a full 10-year trend is compiled in accordance with the provisions of GASB 68, only periods of which such information is available are presented.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended September 30, 2022

Note A - Budgetary Information

The City Council adopts an annual legal budget, which covers the Governmental Funds, Enterprise and Internal Service Funds. All appropriations lapse at fiscal year-end (September 30th) with the exception of capital projects, which carry forward to completion of the project. The budgets for Governmental Funds are prepared on the modified accrual basis, which is the same as the basis of accounting. Enterprise and Internal Service Funds are prepared on the modified accrual basis and differ from the accounting basis by recognizing debt principal payments, capital outlays as expenditures, and compensated absences as payments come due. Additionally, depreciation is not included as a budgetary expense. The City Manager will submit the proposed budget to City Council in July and prior to adoption will hold the required public hearings for the proposed budget and proposed tax rate. After the public hearings are held, the City Council will adopt the proposed budget and proposed tax rate through ordinance. The proposed budget becomes effective on October 1st of that calendar year and runs through September 30th of the following calendar year.

The appropriated budget is prepared by fund, department, and division. The City Manager is authorized to make inter-departmental and inter-fund transfers during the fiscal year as deemed necessary in order to avoid over-expenditure of particular accounts. After the budget is adopted, the City Manager is not allowed to authorize any expenditure that exceeds total funds in the overall budget without amending the budget through City Council action. Below is a summary of changes in the adopted operating budget.

CITY OF NORTH RICHLAND HILLS, TEXAS
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION (continued)
For the Year Ended September 30, 2022

Note A - Budgetary Information (continued)

Legally Adopted Fund	Original	Final	Increase (Decrease)	Explanation
General Fund	\$53,564,048	\$55,021,405	\$ 1,457,357	The majority of the change was due to an increase to the Planned Contribution to Fund Balance in the amount +\$1,596,478. The remainder of the change resulted from the following: approximately +\$401,674 for prior year encumbrances; +\$80,226 increase in revisions to budget as requested by various departments. Offset by a reduction to General Fund Operational Transfers of -\$621,021 driven primarily by eliminating a transfer to the Debt Service fund that was no longer needed.
General Debt Service	13,239,998	12,522,760	(717,238)	Removed debt payment for Aquatic Park due to the Aquatic Park Fund assuming the debt obligation.
Parks and Recreation	9,929,222	10,444,586	515,364	There was an increase of \$49,737 in revisions to budget as requested by the department. +\$67,075 increase in impact fee capital project expenses related to additional funds needs for the construction of approved capital project PK2105 Richfield Park Tennis/Pickleball Court Replacement. +\$13,314 increase to the transfer to Economic Development in direct proportion to its share of the revised Sales Tax estimated for fiscal year 2022. +554,155 increase to the Planned Contribution to Reserves. These increases were offset by the following decreases. -\$100,842 reduction to the transfer to NRH Centre Fund Reserves due to there being emergency repairs needed for two critical systems (Dectron and Trane) at the recreation center. -\$68,075 reduction to the transfer to Impact Fee reserves as these funds were needed for work on approved capital projects that needed additional funding.
Gas Development	473,453	711,565	238,112	The increase result from: +\$41,000 for a land purchase and +\$197,112 increase to the Contribution to Fund Balance.

Total	<u>\$ 159,844,156</u>	<u>\$ 165,965,191</u>	<u>\$ 6,121,035</u>	

Other Supplementary Information

The NRH Centre is North Richland Hills premier fitness, aquatics and activity center and is designed to be the Centre of your active, healthy and connected world. As Tarrant County's first LEED certified recreation center, the NRH Centre is built and operated using sustainable features to minimize its impact on the environment. The Centre includes indoor aquatics, fitness, gymnasium, a senior center, and the Grand Hall for events.

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

The Promotional Fund accounts for the operations and expenditures for which hotel/motel occupancy taxes are used. Occupancy tax revenues are primarily to attract tourist and new businesses to the City.

The Donations Fund holds funds contributed (donated) to the City for special projects earmarked by requests or nonrecurring expenditures. It primarily collects and holds funds that are voluntarily given by the citizens via adding \$1.50 to their water utility billing which is then distributed to support the activities of the library and neighborhood services departments.

The Special Investigations Fund is mandated by state statute to account for various legal seizure and forfeiture deposits and expenditures.

The Drainage Utility Fund accounts for the establishment of drainage facilities within the municipal boundaries of the City and the subsequent billing and collection of fees so established.

The Crime Control and Prevention District Fund accounts for the accumulation and use of half-cent sales tax proceeds dedicated for crime prevention and reduction programs.

The Economic Development Fund accounts for the accumulation and expenditure of resources designed to stimulate the local economy through development and redevelopment.

The Traffic Safety Fund accounts for funds collected from various red-light traffic safety cameras. These resources assist with funding of various traffic safety projects.

The Gas Development Fund accounts for the accumulation and expenditures of resources from gas drilling and exploration on City owned property.

CAPITAL PROJECTS FUND

Tax Increment Financing District #1 (TIF #1) Fund accounts for funds held for drainage improvements that alleviate flooding problems, reduce property damage associated with flooding, utility service line burial, and stimulate development for the benefit of citizens within TIF #1.

The Tax Increment Financing District #2 (TIF #2) Capital Projects Fund provides funding for public improvements that would benefit the participants in and citizens of TIF #2 as well as others in the Metroplex area.

Tax Increment Financing District #3 (TIF #3) Fund accounts for funds held for drainage improvements that alleviate flooding problems, reduce property damage associated with the flooding, and stimulate development for the benefit of citizens within TIF #3.

The City Point Development Project Fund accounts for public improvements funded by special assessment debt for the benefit of citizens within TIF #3.

DEBT SERVICE FUNDS

The Tax Increment Financing District #2 Debt Service Fund is used to accumulate monies for the payment of principal, interest, and related charges on the debts of TIF #2.

The City Point Development Bond Fund is used to accumulate monies for the payment of principal, interest, and related charges on the special assessment bonds of TIF #3.

The Sales Tax Revenue Debt Service Fund is used to accumulate monies for the payment of principal, interest, and related charges on sales tax revenue bonds.

NRH₂O Family Water Park is North Texas' favorite family water park, conveniently located between Dallas and Fort Worth. The park features 8 water slides, a kiddie area, a large wave pool, a large lagoon-like play area, a lazy river and is open from May through September. Since NRH₂O opened in 1995, it has consistently ranked amongst the top water parks in the nation

PROPRIETARY FUNDS

ENTERPRISE FUNDS

Utility Fund – To account for the distribution of water, transportation of wastewater, and solid waste removal services provided to the residents of the City. All activities necessary to provide such services are accounted for in the fund, including, but not limited to, administration, operations, maintenance, financing and debt service, and billing and collections. All activities of the fund are supported by the customers of the utility.

Aquatic Park Fund - To account for the operation of NRH2O, the City's public water park. All activities necessary to operate the park are accounted for in the fund, including, but not limited to, administration, park operations, park maintenance, and financing and debt service. All activities of the fund are supported by the patrons of the water park.

Golf Course Fund – To account for the operations of Iron Horse Golf Course, the City's public golf course. All activities necessary to operate the course are accounted for in the fund, including, but not limited to, administration, operations, course maintenance, and financing and debt service. The Golf Course is the only non-major proprietary fund. All activities of the fund are supported by the patrons of the golf course.

INTERNAL SERVICE FUNDS

Facility and Construction Services Fund – To account for building maintenance and repair services provided to numerous departments located at various sites throughout the City. Facility and Construction Services Fund operations are financed by charges to user departments.

Fleet Services Fund – To account for the maintenance, repair service, and replacement of vehicles and equipment provided to numerous departments responsible for the operation of City vehicles and equipment. Fleet Services Fund operations are financed by charges to user departments.

Self-Insurance Fund – To account for the payment of substantially all claims except for fire insurance coverage and employee life insurance coverage. Self-Insurance Fund operations are financed by charges to user departments and employee contributions.

Information Technology Fund – To account for the acquisition, maintenance, and support of computer and telephone hardware and software. Information Technology Fund operations are financed by charges to user departments.

Statistical Section

The NRH water and sewer utility provides services to over 21,000 residential and business customers. The water provided by the city consistently meets or exceeds all state and federal drinking water requirements. The City of North Richland Hills purchases its drinking water, as well as sewer treatment services, from the City of Fort Worth and the Trinity River Authority as a wholesale customer. The Public Works Department Utility Division is responsible for maintenance of the city's water and sewer infrastructure.

Statistical Section

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current level of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

The Maker Spot is a 4,500 sq. ft. makerspace on the second floor of the NRH Library. The Maker Spot is a community workspace where Library cardholders can come to create, explore, collaborate and innovate. The Maker Spot, opened in 2015, was funded by a Special Projects grant from the Texas State Library and Archives and the Institute for Museum and Library Services.

¹ Includes self-supporting governmental activities debt.

² The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the City's boundaries and dividing it by each unit's total taxable assessed value.

The North Richland Hills Parks & Recreation Facilities Development Corporation Capital Improvement Program is funded through a voter approved half-cent sales tax authorized to fund the development of parks and recreational facilities for the community. The Corporation was established following voter approval in January 1992.

Since its inception in 1992, many accomplishments have been achieved. 902 acres of park land have been acquired, offering the following parks and recreational services to our citizens:

- 20 miles of multi-use trails creating a complete network of trails throughout the City
- 7 community parks
- 13 neighborhood parks
- 9 linear parks
- Richland Tennis Center
- NRH₂O Family Water Park
- Tipps Canine Hollow Dog Park
- Davis Emerald Pocket Park
- Stormy Plaza
- NRH Senior Center
- Common Ground NRH Community Garden

The 7-member Board of Directors is appointed by City Council and comprised of 4 City Council members and 3 citizen members.

¹ Includes interest and fiscal agent charges.

² Bond covenant for sales tax revenue bonds mandates sufficient fund balance to cover average debt service payments unpaid.

Negative coverage indicates that fund balance reserves are being used to cover debt service requirements. The City has sufficient fund balance coverage to pay all debt service due.

³ Excludes capital outlay.

² Addition of Mountain Bike Trails

The North Richland Hills City Hall opened in May 2016. The 182,000 square foot for the new facility includes about 89,000 square feet for Public Safety operations, about 78,500 square feet for City Hall and about 14,500 square feet for Municipal Court. Prior to the opening of City Hall, city services were housed in six buildings on three different campuses.

Glossary

The Smithfield TEXRail station is one of two stations in North Richland Hills offering commuter-rail service to Fort Worth and the Dallas-Fort Worth International Airport. The Iron Horse station is the second TEXRail station within the City.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY

ACCOUNT

A term used to identify an individual asset, liability, expenditure control, revenue control, encumbrance control, or fund balance.

ACCOUNT PAYABLE

A short-term liability account reflecting amounts owed to private persons or organizations for goods and services received by a government.

ACCOUNT RECEIVABLE

An asset account reflecting amounts due from private persons or organizations for goods and services furnished by a government.

ACCOUNTING SYSTEM

The total set of records and procedures, which are used to record, classify, and report information on the financial status and operations of an entity.

ACCRUAL ACCOUNTING

A basis of accounting in which revenues are recognized in the period in which they are earned and become measurable, and expenses are recognized in the period incurred instead of when cash is actually received or spent.

ACCRUED INTEREST

Interest that has been earned and recorded, but has not been received.

ACFR

ACFR is an acronym for **Annual comprehensive financial report**. (See also *ANNUAL COMPREHENSIVE FINANCIAL REPORT*.)

ACTUARIAL

Relating to actuaries or their work of compiling and analyzing statistical calculations to assess risk in insurance, finance and other industries and professions.

AD VALOREM TAX (See also *PROPERTY TAX*.)

A tax based on value of land and improvements (property tax).

AGENDA

A formal listing of items to be discussed during a public meeting. Agendas for public meetings are posted 72 hours in advance, in compliance with the Open Meetings Act.

AMORTIZE

To amortize is to allocate the cost of an intangible asset over a period of time.

ANNUITY

A fixed sum of money paid to someone each year, typically for the rest of their life.

ANNUAL COMPREHENSIVE FINANCIAL REPORT

Annual comprehensive financial report (ACFR) is a set of U.S. government financial statements comprising the financial report of a state, municipal or other governmental entity that complies with the accounting requirements promulgated by the Governmental Accounting Standards Board.

APPROPRIATION

An authorization granted by City Council to make expenditures and to incur obligations for specific purpose. Usually limited in amount and as to the time when it may be expended.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

ARBITRAGE

With respect to the issuance of municipal securities, arbitrage usually refers to the difference between the interest paid on tax-exempt bonds and the interest earned by investing the proceeds of the bonds in higher-yielding taxable securities. Federal income tax laws generally restrict the ability to earn positive arbitrage in connection with tax-exempt bonds.

ASSESSED VALUATION

A valuation set upon real estate or other property by government as a basis for levying taxes. (See also *TAXABLE VALUE*.)

ASSETS

Property owned by a government, which has economic value, especially which could be converted to cash.

AUDIT

In general, an official inspection of an individual's or organization's accounts by an independent body. The City's charter requires an annual audit of the books of accounts, financial records, and transactions of all administrative departments of the City by an independent certified public accountant. In practice, that means the City contracts with an independent certified public accountant to audit the year-end financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City and the related notes to the financial statements, which collectively comprise the City's basic financial statements.

AUDIT COMMITTEE

The Audit Committee is responsible for recommending to the City Council an independent auditor as needed, reviewing the audit of the City's basic financial statements prior to submission to the City Council, and assisting the independent auditor and city staff with the presentation of the audit to the City Council. The Audit Committee is composed of members of the City Council as well as the City Manager and the City's Director of Finance.

BALANCE SHEET

A statement purporting to present the financial position of an entity by disclosing the value of its assets, liabilities, and equities as of a specified date.

BALANCED BUDGET

A budget in which total recurring expenditures for any fiscal year do not exceed total recurring revenues for that same fiscal year.

BASE LEVEL SERVICES

Funding required to meet current service level.

BASIC FINANCIAL STATEMENTS

The basic financial statements are comprised of the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City and the related notes to the financial statements, and are subjected to an annual audit by an independent certified public accountant. The basic financial statements are included in the Annual comprehensive financial report along with unaudited information, including introductory information, required supplementary information, other supplementary information, and statistical information.

BASIS OF ACCOUNTING

Refers to when revenues and expenditures are recognized in the accounts and reported in the financial records of the City, regardless of the measurement focus applied. Accounting records for governmental fund types are maintained on a modified accrual basis of accounting, with revenue being recorded when available and measurable, and expenditures being recorded when services or goods are received and the liabilities are incurred.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

BASIS OF BUDGETING (See also *MODIFIED ACCRUAL*.)

The City's basis for budgeting is the modified accrual basis for governmental funds, including the General Fund. Budgeting for proprietary funds, which includes the Enterprise Fund, is essentially on the full accrual basis. Encumbrances are recognized by both governmental and proprietary funds since encumbrances represent a commitment of funding for goods and services.

BEGINNING BALANCE

The residual non-restricted funds brought forward from the previous fiscal year (ending balance).

BONDS

Debt instruments that require repayment of a specified principal amount on a certain date (maturity date), together with interest at a stated rate or formula for determining the interest rate.

BOND DEBT

That portion of indebtedness represented by outstanding bonds.

BOND PROPOSITION

A recommendation to issue debt and a proposal as to the best use of the bonds.

BUDGET

A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. The term is also sometime used to denote the officially approved expenditure ceiling under which a government and its departments operate.

BUDGET AMENDMENT

A revision of the adopted budget that, when approved, replaces the original provision and increases or decreases the budget appropriation.

BUDGET CALENDAR

The schedule of key dates that a government follows in preparation and adoption of the budget.

BUDGET ENHANCEMENT

A request to enhance current service level beyond current funding.

BUDGET ORDINANCE

Governmental action which appropriates revenues and fund balances for specified purposes, functions, or activities for a budget period.

BUDGET PERIOD

The period for which a budget is proposed or a budget ordinance is adopted.

BUDGETARY CONTROL

The control or management of a government or enterprise in accordance with an approved budget to keep expenditures within limitations of available appropriation and available revenues.

BUDGETED FUNDS

Funds for which annual budgets are legally adopted, as opposed to non-budgeted funds for which annual budgets are not legally adopted. Budgeted funds are typically supported by tax revenues, charges for services, fees, fines, and/or penalties, while non-budgeted funds are typically supported by transfers from other funds, grant revenue, donations, or regulated fees such as municipal court fees.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

BUSINESS-TYPE ACTIVITIES

Business-type activities include any activity engaged in the primary purpose of making a profit. Business-type activities are financed in whole or in part by fees charged to external users for goods or services and are generally reported in Enterprise Funds.

CAPITAL IMPROVEMENT

The addition of a permanent structural change or the restoration of some aspect of a property that will either enhance the property's overall value, increase its useful life or adapt it to new uses.

CAPITAL IMPROVEMENT PLAN

A comprehensive plan that projects the capital needs of a community. Generally, it is a cyclical process that estimates the needs for a set number of years. Capital Improvements Plans are essential for sound infrastructure and financial planning.

CAPITAL ASSET

An item costing more than \$10,000 and having a useful life of more than four years.

CAPITAL EXPENDITURE

Also called a CAPITAL OUTLAY — An expenditure to acquire a capital asset.

CAPITAL PROJECTS FUND

Is used to account for the expenditures of resources accumulated from the sale of bonds and related interest earnings for capital improvement projects.

CASH BASIS

A method of accounting in which revenues and expenses are recognized and recorded when received, not necessarily when earned.

CASH EQUIVALENTS

Cash equivalents are investments securities that are for short-term investing, and they have high credit quality and are highly liquid. Cash equivalents, also known as "cash and equivalents," are one of the three main asset classes, along with stocks and bonds. These securities have a low-risk, low-return profile and include U.S. government Treasury bills, bank certificates of deposit, bankers' acceptances, corporate commercial paper and other money market instruments.

CHART OF ACCOUNTS

The classification system used by the City to organize the accounting for various funds.

CHARTER

A written instrument setting forth principles and laws of government within boundaries of the City.

CIP

CIP is an acronym for **Capital Improvement Plan**. (See also *CAPITAL IMPROVEMENT PLAN*.)

CITY COUNCIL

The legislative body that governs the City.

CITY COUNCIL PRIORITIES

A five-year planning horizon focusing on safety, infrastructure and facilities, residential and recreational, budget and finance, and commercial redevelopment.

CITY MANAGER

An appointed official who directs the administration of the City.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

CITIZEN

An inhabitant of the City.

COMPREHENSIVE ANNUAL FINANCIAL REPORT

Annual comprehensive financial report (ACFR) is a set of U.S. government financial statements comprising the financial report of a state, municipal or other governmental entity that complies with the accounting requirements promulgated by the Governmental Accounting Standards Board. Prior to Fiscal Year 2022, the acronym was CAFR but was changed by GASB and GFOA to ACFR.

COMPREHENSIVE PLAN

A Comprehensive Plan is to anticipate and guide future development trends in a manner that will provide a community with a balance of land uses that promote a superior quality of life.

CONSUMER PRICE INDEX

The Consumer Price Index (CPI) is a measure that examines the weighted average of prices of a basket of consumer goods and services, such as transportation, food and medical care. It is calculated by taking price changes for each item in the predetermined basket of goods and averaging them. Changes in the CPI are used to assess price changes associated with the cost of living; the CPI is one of the most frequently used statistics for identifying periods of inflation or deflation. The CPI is calculated by the U.S. Bureau of Labor Statistics.

CONTINGENCY

Funds set aside in a reserve account for major expenditures or for emergencies.

COUNTERPARTY

A counterparty is the other party that participates in a financial transaction, and every transaction must have a counterparty for the transaction to go through.

CPI

CPI is an acronym for **Consumer Price Index**. (See also *CONSUMER PRICE INDEX*.)

CREDIT RISK

Credit risk is the probable risk of loss resulting from a borrower's failure to repay a loan or meet contractual obligations.

CURRENT ASSETS

Cash and other assets expected to be converted to cash, sold, or consumed within in a year or in the operating cycle.

CURRENT FINANCIAL RESOURCES MEASUREMENT

Current financial resources measurement focus is where the financial statements report the near-term (current) inflows, outflows, and balances of expendable financial resources. The current financial resources measurement focus is unique to accounting and financial reporting for state and local governments and is used solely for reporting the financial position and results of operation of governmental funds.

CURRENT LIABILITIES

Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded within one year.

CUSTODIAL CREDIT RISK

In the case of deposits, this is the risk that the event of a bank failure, the City's deposits may not be returned to it. For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that in the position of an outside party.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

DEBT SERVICE

The amount of money required for interest and principal payments on an outstanding debt in any given year.

DEBT SERVICE FUND

Also called a SINKING FUND - A fund established to account for the accumulation of resources for the payment of principal and interest on long term debt.

DEBT RATE

The City's property tax rate has two components, the **general rate** which generates property tax revenues used to fund operations and the **debt rate** which generates property tax revenues used to fund the repayment of debt. (See also *PROPERTY TAX RATE*.)

DEFERRED INFLOW OF RESOURCES

Deferred inflow of resources is an acquisition of net assets by the government that is applicable to a future reporting period.

DEFERRED OUTFLOW OF RESOURCES

Deferred outflow of resources is a consumption of net assets by the government that is applicable to a future reporting period. For example, prepaid items and deferred charges.

DEFICIT

The excess of expenditures over revenues during an accounting period; or in the case of Enterprise Funds, the excess of expense over income during an accounting period.

DELINQUENT TAXES

Taxes remaining unpaid on and after the date to which a penalty for nonpayment is attached.

DEPRECIATION

A non-cash expense that reduces the value of an asset as a result of wear and tear, deterioration, action of the physical elements, inadequacy, or obsolescence.

DIRECTOR OF FINANCE DEPARTMENT

The officer of the City that has primary responsibility for managing the City's finances, including financial planning, management of financial risks, record-keeping, and financial reporting.

DISCOUNT RATE

The interest rate you need to earn on a given amount of money today to end up with a given amount of money in the future.

EFFECTIVE TAX RATE

The tax rate required to generate the same amount of revenue as in the preceding year on the same properties.

ENCLAVE

A portion of territory within or surrounded by a larger territory.

ECONOMIC RESOURCES

Economic resources are the goods or services available to the City used to produce valuable consumer products. The classic economic resources include land, labor and capital.

ECONOMIC RESOURCES MEASUREMENT FOCUS

Economic resources measurement focus is where a set of financial statements reports all inflows, outflows, and balances affecting or reflecting an entity's net position. The economic resources measurement focus is used for proprietary and trust funds, as well as for government-wide financial reporting.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

ENCUMBRANCE

Obligations in the form of purchase orders, contracts, or other commitments that are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid or actual liability is set up, at which point they become expenditures.

ENDING BALANCE

The dollars remaining after current expenditures for operations and debt service are subtracted from the sum of the beginning fund balance and current resources. Portions of the fund balance may be reserved for various purposes, such as contingencies or encumbrances.

ENTERPRISE FUND

A fund established to account for operations which: (a) finance and operate in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

EXPENDITURES

Decreases in net financial resources. They include current operating expenses that require the current or future use of net current assets, debt service, and capital outlay.

FEES

Charges for services.

FEMA

FEMA is an acronym for **Federal Emergency Management Agency**.

FIDUCIARY

A fiduciary is a person who holds a legal or ethical relationship of trust with one or more other parties (person or group of persons). Typically, a fiduciary prudently takes care of money or other assets for another person.

FINANCIAL STATEMENTS

Written records that convey the business activities and the financial performance of the City.

FISCAL FORECAST

A management tool that presents estimated information based on past, current, and projected financial conditions. This will help identify future revenue and expenditure trends that may have an immediate or long-term influence on government policies, strategic goals, or community services.

FISCAL YEAR

A twelve-month period of time to which the annual budget applies, and at the end of which, the City determines its financial position and results of operation. The fiscal year for the City of North Richland Hills runs from October 1 to September 30 of the following year.

FIXED ASSETS

Assets of long-term character intended to continue to be held or used. Examples are land, buildings, and improvements such as machinery and equipment.

FIXED COST

Costs which do not change with increases or decreases in the amount of services provided, such as rent.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

FRANCHISE

A special privilege granted by a government, permitting the continued use of public property, such as City streets, and usually involving the elements of monopoly and regulation.

FTE

FTE is an acronym for **Full-Time Equivalent**. (See also *FULL TIME EQUIVALENT*.)

FULL TIME EQUIVALENT

A unit that indicates the workload of a single full-time worker. The concept is used to convert the hours worked by part-time employees into the hours worked by full-time employees. For example, someone who works a half-day would be 0.5 full time equivalents. The City budgets authorized employment positions using full time equivalents. For example, there might be a part-time library assistant position budgeted as 0.5 FTE, which would be the equivalent of one-half of a full-time employee.

FUND

A fiscal and accounting entity with a self-balancing set of accounts. A fund records cash and other financial resources, all related liabilities, residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

FUND BALANCE

The balance of net financial resources that is spendable or available. Portions of the fund balance may be reserved for various purposes, such as contingencies or encumbrances.

FUND BALANCE POLICY

A policy requiring a minimum fund balance to be kept in reserve. Fund balances over the policy requirements may be appropriated in the budget.

FUND FINANCIAL STATEMENTS

For governmental and proprietary funds, special and extraordinary items are reported separately at the bottom of the statement of revenues, expenditures and changes in fund balances or the statement of revenues, expenses and changes in net position, respectively.

FUNDING SOURCE

Specifically identified dollars allocated to meet budgeted requirements.

GAAP

GAAP is an acronym for **Generally Accepted Accounting Principles**. (See also *GENERALLY ACCEPTED ACCOUNTING PRINCIPLES*.)

GENERAL FIXED ASSETS

Capital assets that are not assets of any particular fund, but of the government unit as a whole. Most often these assets arise from the expenditure of the financial resources of governmental funds (as opposed to proprietary funds).

GENERAL FUND

A fund established to account for all financial resources except those required to be accounted for in another fund. Examples of General Fund departments include Parks, Facilities and Recreation, Fire Department, Library, Finance and Municipal Court, Streets and Drainage, Development Services, and Police Department.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

GENERAL OBLIGATION BONDS (G.O. BONDS)

Bonds secured by the full faith and credit of the issuer. General obligation bonds issued by local units of government are secured by a pledge of the issuer's ad valorem taxing power. They are usually issued to pay for general capital improvements such as parks and streets.

GENERAL RATE

The City's property tax rate has two components, the **General Rate** which generates property tax revenues used to fund operations and the **Debt Rate** which generates property tax revenues used to fund the repayment of debt. The General Rate is sometimes referred to as the Maintenance and Operations Rate, or M&O Rate. (See also *PROPERTY TAX RATE*.)

GENERAL REVENUE

Funds acquired through business and property taxation. Monies that may be utilized for any purposes as received at the state and local levels of government.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP)

The uniform minimum standards of, and guidelines to, financial accounting and reporting. They govern the form and content of the basic financial statements of an entity. GAAP encompass the conventions, rules, and procedures necessary to define the accepted accounting practices at a particular time. They include both broad guidelines of general application and detailed practices and procedures. GAAP provide a standard by which to measure financial presentations.

GEOGRAPHIC INFORMATION SYSTEM

A system is designed to capture, store, manipulate, analyze, manage, and present all types of spatial or geographical data allowing one to visualize, question, analyze, and interpret data to understand relationships, patterns, and trends.

GIS

GIS is an acronym for **Geographic Information System**. (See also *GEOGRAPHIC INFORMATION SYSTEM*.)

GOVERNMENT-WIDE FINANCIAL STATEMENTS

Government-wide financial statements report information about the government as a whole without displaying individual funds or fund types.

GOVERNMENTAL ACCOUNTING

The composite activity of analyzing, recording, summarizing, reporting and interpreting the financial transactions of government.

GOVERNMENTAL ACCOUNTING STANDARD BOARD (GASB)

The governing body that sets accounting standards specifically for governmental entities at the state and local level.

GOVERNMENTAL ACTIVITIES

Governmental activities are general government activities and are financed primarily through taxes. Governmental activities generally are reported in governmental funds. All general capital assets and general long-term liabilities are part of governmental activities as well. Common examples of governmental activities include general administration, public safety, education, streets and roads, and health and sanitation.

GOVERNMENTAL FINANCE OFFICERS ASSOCIATION (GFOA)

Professional association of state/provincial and local finance officers in the United States and Canada dedicated to the sound management of government financial resources.

GOVERNMENTAL FUNDS

Funds generally used to account for tax-supported activities. There are five different types of governmental funds: general funds, special revenue funds, debt service funds, capital projects funds, and permanent funds.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

GRANT

A contribution by one government unit or funding source to another unit. The contribution is usually made to aid in a specified function (for example, education), but it is sometimes also for general purposes.

HOME RULE CHARTER

Texas cities operate under two different categories of local government: 1) General Law; and Home Rule. Texas law grants General Law cities limited specific authority. Cities under 5,000 in population are required to be General Law cities. Cities over 5,000 in population can adopt a Home Rule Charter which defines the structure, power, duties, and authority of the local government. Rather than looking to state statutes to determine what they may do, as General Law cities must do, Home Rule cities look to their local charters to determine what they may do. A Home Rule city may generally take any action that is not prohibited by the Texas Constitution or statutes as long as the authority is granted in the charter of the city. Home Rule is essentially the privilege of citizens at the grass roots level to manage their own affairs with minimal interference from the State.

INCOME

A term used in proprietary fund-type accounting to represent (1) revenues or (2) the excess of revenues over expenses.

INFRASTRUCTURE

Immovable fixed assets having value only to the governmental unit. Common examples of infrastructure include roads, sidewalks, bridges, and streetlights.

INTERGOVERNMENTAL REVENUE

Revenue received from another governmental unit for a specific purpose.

INTEREST RATE RISK

Interest rate risk is the risk that arises for bond owners from fluctuating interest rates. How much interest rate risk a bond has depends on how sensitive its price is to interest rate changes in the market. The sensitivity depends on two things, the bond's time to maturity, and the coupon rate of the bond.

INTERESTED PARTY

People or organizations who may be affected by a situation.

INTERNAL CONTROLS

Processes designed to assure achievement of an organization's objectives in operational effectiveness and efficiency, reliable financial reporting, loss prevention, and compliance with laws, regulations, and policies.

INVESTMENTS

Securities and real estate held for production of revenue in the form of interest, dividend, rental, or lease payments. The term does not include fixed assets used in governmental operations.

LEASE/PURCHASE

A financing tool utilized to fund large capital outlays where the city may not have cash immediately available for purchase. This arrangement allows the city to use the item while payments are being made.

LED

LED is an acronym for **Light Emitting Diode**. (See also *LIGHT EMITTING DIODE*.)

LETTER OF TRANSMITTAL

A cover letter from the City's Director of Finance that accompanies the annual comprehensive financial report.

LEVY

To impose taxes or special assessments. The total of taxes or special assessments imposed by a governmental unit.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

LIABILITIES

Debt or other legal obligations arising out of transactions in the past, which must be liquidated, renewed, or refunded at some future date.

LIGHT EMITTING DIODE

A two-lead semiconductor light source. Light emitting diodes (LEDs) emit light through the process of electroluminescence when suitable voltage is applied. LEDs have many advantages over traditional incandescent light sources including lower energy consumption, longer lifetime, improved physical robustness, smaller size, and faster switching. LEDs are now used in applications as diverse as aviation lighting, automotive headlamps, advertising, general lighting, traffic signals, street lighting, and camera flashes.

LOCAL GOVERNMENT INVESTMENT POOL

A local government investment pool (LGIP), is a state or local government pool offered to public entities for the investment of public funds. These pools are important investments tools, offering safety with a competitive yield.

LONG-TERM DEBT

Debt with a maturity of more than one year.

LONG-TERM LIABILITIES

Long-term liabilities are financial obligations of a company that become due more than one year.

LINE ITEM BUDGET

A budget format in which departmental outlays are grouped according to the items that will be purchased with one item or group of items on each line.

MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)

The portion of the City's Comprehensive Annual Report in which management addresses the company's performance over the previous twelve months.

MAYOR

The elected head of the City.

MODIFIED ACCRUAL

City of North Richland Hills's governmental funds are budgeted using the modified accrual basis, with revenues recognized when they become measurable. Revenue is "measurable" when the amount of the transaction can be reasonably determined. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred and is expected to be liquidated within 60 days.

MUNICIPAL FACILITIES

City owned structures, mechanicals, and building systems

NET PENSION LIABILITY

The net pension liability is the difference between the total pension liability (the present value of projected benefit payments to employees based on their past service) and the assets (mostly investments reported at fair value) set aside to pay current employees, retirees, and beneficiaries

NET POSITION

Net position is the residual of all other elements presented in a statement of financial position. It is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

NON-BUDGETED FUNDS

Funds for which an annual budget are not legally adopted, as opposed to budgeted funds for which annual budgets are legally adopted. Budgeted funds are typically supported by tax revenues, charges for services, fees, fines, and/or penalties, while non-budgeted funds are typically supported by transfers from other funds, grant revenue, donations, or regulated fees such as municipal court fees. The resources supporting non-budgeted funds are typically either transfers that were budgeted as expenditures at a budgeted fund or revenues that are restricted by third parties such as grant revenue, donations, or regulated fees.

NON-RECURRING REVENUE

One-time windfall revenue that is budgeted only for one fiscal year.

OPEB

OPEB is an acronym for Other Post-Employment Benefits. (See also *OTHER POSTEMPLOYMENT BENEFITS*.)

OPERATING BUDGET

Plans of current expenditures and the proposed means of financing them.

OPERATING REVENUE

Operating revenue is revenue generated from the City's business activities.

ORDINANCE

A formal legislative enactment by the City Council. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the City.

OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Other postemployment benefits (or OPEB) is a term used in the United States to describe the benefits that an employee begins to receive at the start of their retirement. These benefits do not include the pension paid to the retired employee.

OVERLAPPING DEBT

Overlapping debt refers to the financial obligations of one political jurisdiction that also falls partly on a nearby jurisdiction. Overlapping debt is common in most states because states are divided into numerous jurisdictions for different tax purposes, such as building a new public school and building a new road.

PENSION

A regular payment made during a person's retirement from an investment fund to which that person or their employer has contributed during their working life.

PLANNING AND ZONING COMMISSION

An appointed seven-member board that makes recommendations to City Council regarding the physical development of the City, including the Comprehensive Plan that serves as the basis for the City's zoning regulations. It also reviews and approves applications for subdivision plats and replats.

PROJECTION

A forecast of future trends in the operation of financial activities done through the remainder of the fiscal year to gain a better picture of the City's finances.

PROPERTY TAX

An annual or semi-annual tax paid to one or more governmental jurisdictions based on the real and personal property's assessed valuation and the tax rate, done in compliance with the State Property Tax Code.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

PROPERTY TAX RATE

The rate applied to the taxable value of property to determine the property taxes due. The City's property tax rate has two components, the **general tax rate** which generates property tax revenues used to fund operations and the **debt tax rate** which generates property tax revenues used to fund the repayment of debt. Property tax rates are commonly presented as the amount of tax levied for each \$100 of assessed valuation.

PROPRIETARY FUNDS

Funds generally used to account for a government's ongoing organizations and activities that are similar to businesses found in the private sector. These funds are considered self-supporting in that the services rendered by them are generally financed through user charges or on a cost reimbursement basis. There are two types of proprietary funds: enterprise funds (used to account for any activity for which a fee is charged to external users for goods or services); and internal service funds (used to account for the provision of goods or services by one department to other departments of a governmental unit). (See *ENTERPRISE FUND*.)

PUBLIC HEARING

A public hearing may be a formal meeting for receiving testimony from the public at large on a local issue, or proposed government action. Testimony from both sides of an issue is usually recorded for public record, and a report summarizing the key points is generated.

RATINGS

Designations used by credit rating agencies to give relative indications of credit quality.

REFERENDUM

The principle or practice of referring measures proposed or passed by a legislative body, head of state, etc., to the vote of the electorate for approval or rejection (plural referenda).

REFUNDING BONDS

Bonds issued to retire bonds already outstanding.

REPORT OF INDEPENDENT AUDITORS

The report of independent auditors, published in the comprehensive annual financial report, opines on whether the City's basic financial statements comply with generally accepted accounting principles.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information (RSI) is information that a designated accounting standard-setter (e.g., FASB, GASB) requires to accompany the basic financial statements.

RESERVE

An account used to indicate that a portion of fund equity is legally restricted for a specific purpose or not available for appropriation and subsequent spending.

RESOLUTION

A special or temporary order of a legislative body requiring less legal formality than an ordinance or statute.

RESTRICTED NET POSITION

The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

RESTRICTED RESOURCES

Restricted resources refer to a reserve of money that can only be used for specific projects or purposes.

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

UNRESTRICTED RESOURCES

Unrestricted resources refer to a reserve of money that can be used as the City sees fit.

REVENUE

Revenue is (1) an increase in a governmental fund's net current assets from other than expenditure refunds and residual equity or (2) an increase in a proprietary fund's net total assets from other than expense refunds, capital contributions, and residual equity transfers.

ROLLBACK RATE

The highest tax rate an entity may adopt without being subject to a rollback election.

SCADA

SCADA is an acronym for **Supervisory Control and Data Acquisition**. (See also *SUPERVISORY CONTROL AND DATA ACQUISITION*.)

SDBF

SDBF is an acronym for **Supplemental Death Benefits Fund**. (See also *SUPPLEMENTAL DEATH BENEFITS FUND*.)

SERVICE PLANS

Each department within the City has a three-year plan, outlining their strategic priorities for the City.

SPECIAL REVENUE FUND

A Fund used to account for the proceeds of specific revenue sources (other than expendable trusts or for major capital projects) that are legally restricted to expenditure for specified purposes.

STEWARDSHIP

The job of supervising or taking care of something, such as an organization or property.

STRUCTURAL BALANCE

The state at which current revenue sufficiently supports current expenditures.

SUPERVISORY CONTROL AND DATA ACQUISITION

An industrial computer system that monitors and controls a process. Supervisory control and data acquisition systems (also known as SCADA systems) are used to monitor and control a plant or equipment in industries such as telecommunications, water and waste control, energy, oil and gas refining and transportation. A SCADA system gathers information, such as where a leak on a pipeline has occurred and transfers the information back to a central site. SCADA systems frequently are used to manage processing systems that include geographically disbursed components.

SUPPLEMENTAL DEATH BENEFITS FUND (SDBF)

A cost sharing multiple-employer defined benefit group-term life insurance plan operating by the Texas Municipal Retirement System.

TAX LEVY

The total amount to be raised by general property taxes for intentions specified in the Tax Levy Ordinance.

TAX RATE

The amount of tax levied for each \$100 of assessed valuation.

TAXABLE VALUE

A valuation to which the property tax rate is applied to calculate property taxes. The Taxable value of property is generally equal to the assessed valuation less any qualifying exemptions (such as a homestead exemption).

CITY OF NORTH RICHLAND HILLS, TEXAS

GLOSSARY (continued)

TAXES

Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits, such as special assessments, or charges for services rendered, such as sewer service.

TBD

TBD is an acronym for **To Be Determined**.

TEXAS MUNICIPAL RETIREMENT SYSTEM (TMRS)

TMRS is a statewide retirement system that provides retirement, disability, and death benefits for employees of participating Texas cities.

TMRS

An acronym for **Texas Municipal Retirement System**. (See also *TEXAS MUNICIPAL RETIREMENT SYSTEM*.)

TORT

A wrongful act or an infringement of a right (other than under contract) leading to civil legal liability.

TRANSFERS

Authorized exchanges of cash or other resources between funds.

UNASSIGNED FUND BALANCE

In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed.

UNRESTRICTED NET POSITION

The unrestricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

YIELD

The rate earned on an investment based on the price paid for the investment, the interest earned during the period held, and the selling price or redemption value of the investment.
