

## Sole Source Justification/Approval Form

REQ # \_\_\_\_\_

PO # \_\_\_\_\_

Complete this form when only one source is available for goods or services requested or when only one product will meet your needs. Respond to all questions that apply. Please complete and forward to the Purchasing Department, along with Sole Source letter provided by vendor. If more space is needed, please attach additional page(s).

### PURCHASE INFORMATION

1. Provide Estimated Price.

\$88,290.00

2. Provide name, manufacturer, and model number of item being purchased or the services to be purchased.

Trinity Innovative Solutions, LLC - (2) Mobile LP Trailers with Cameras

3. Provide Description of requested items or services and their purpose(s). Add additional sheet if needed.

The TIS Tech Trailer is equipped with Vigilant License Plate Reader (LPR) system that provides real-time remote site monitoring.

4. Reason(s) for requesting a sole source purchase:

- ☐ Original manufacturer or provider.
- ☐ Only local distributor for the original manufacturer or provider.
- ☐ Only known item or service matching the requested needs or performing the intended task.
- ☐ Sole provider of a licensed or patented good or service.
- ☐ Sole provider of items compatible with existing equipment, inventory, systems, programs or services.
- ☐ Sole provider or factory-authorized warranty service.
- ☒ None of the above applies (Please attach a detailed explanation and justification for this sole source request.)

5. Explain why the product or service requested is the only one that can satisfy your requirements.

Kaufman County currently has an ALPR trailer that was built by Trinity Solutions and uses the Vigilant software. They are asking to purchase 2 additional ALPR trailers from Trinity Solutions that will also use the same Vigilant software. Selecting the same vendor and using the same software as their current trailer uses will make the integration of this purchase more efficient to their operation as personnel are already trained to use the trailer and software.

6. Identify other sources reviewed and why they are unacceptable. Be specific with regard to specifications.

Attach additional pages if necessary.

Purchase will be made with TAG Grant #2848908 funds and will be transferred to Kaufman County.

I certify that the above statements are true and correct, and that no other material fact or consideration offered or given has influenced this recommendation for a sole source or proprietary purchase.

# Kaufman County Sheriff's Office

*Sheriff Bryan W. Beavers*

Scott McRory,

I am writing to you at the request of Sheriff Bryan Beavers about an email regarding justification for the ALPR trailer. We currently have an ALPR trailer that was built by Trinity Solutions and the quote was for two trailers designed to the same specifications as our trailer. I believe the only difference is the cameras on the two trailers on the quote will be newer because of advancement in technology. The software will still be Vigilant, which is what we currently use on our trailer now. This will make the integration of the new trailers along with software efficient to our operation since our personnel have been trained and already have the experience necessary to use the trailers and software.

If you have any questions, please feel free to contact me.

Thank you for your time,

Investigator David Petty
