Company Profile

Club Car combines a quality-driven philosophy, an innovative spirit, and a solutions-oriented approach to business. Club Car has established itself as a leading global manufacturer of vehicles that serve the golf, rough terrain, private owner, and commercial markets.

Founded in 1958 in Houston, Texas,

Club Car, Inc. moved to Augusta in 1962. Ingersoll Rand (NYSE: IR, www.ingersollrand.com), a diversified multinational manufacturer of industrial and commercial equipment and components, acquired the company in 1995. Club Car employs more than 1,400 people worldwide and has a presence in more than 120 countries.

In addition to golf cars,

Club Car also manufactures a full line of turf maintenance and utility vehicles as well as hospitality and mobile merchandising vehicles to support the needs of golf course owners and operators. Off the course, Club Car has a growing presence in the rough terrain market, where its XRT vehicles are making jobs around the farm and lake easier and more enjoyable.

More and more Club Car vehicles

are showing up in communities where private owners are choosing the convenience and efficiency of a well-equipped golf car for short trips over the family automobile. One of the fastest growing segments of the Club Car business is its custom vehicles group, which combines imagination with decades of experience to meet the specific needs of a wide range of customers.

Club Car is the world's largest manufacturer

of small-wheel electric vehicles. Our worldwide distribution network of distributors, dealers, and factory branch locations also complements Club Car's direct sales operations and supports customers' needs wherever they might arise.

Club Car introduced the Solutions Network™ in 2002

to enhance its expertise and products in areas beyond vehicle sales. As an alliance of leading providers of complementary products and services, the Solutions Network is designed to help customers increase revenues and control costs.

Club Car is part of Ingersoll Rand Company Limited (NYSE: IR).
