The plat is complete and meets the requirements of the zoning ordinance and subdivision regulations.

GENERAL DESCRIPTION:

The site is currently undeveloped. The proposed replat is intended to revise the lot lines between three existing commercial lots to accommodate future development of the property. Access easements are being dedicated to provide cross-access for all lots to North Tarrant Parkway and Davis Boulevard. Several utility easements and access easements are being abandoned to correspond with the location of proposed water and sanitary sewer facilities for the property.

THOROUGHFARE PLAN: The property has frontage on Davis Boulevard and North Tarrant Parkway, which are both classified as a P6D Principal Arterial roadways. A P6D roadway is a six-lane divided roadway with a variable width ultimate right-of-way. At this location, the existing right-of-way for Davis Boulevard is 120 feet North Tarrant Parkway is 200 feet. Right-of-way dedication is not required on this replat.

CURRENT ZONING: The property is currently zoned C-1 Commercial. This district is intended to provide for development of retail service, and office uses principally serving

community and regional needs. This C-1 district should be located on the periphery of residential neighborhoods and be confined to intersections of major arterial streets. It is also appropriate for major retail corridors as shown on the comprehensive plan.

SURROUNDING ZONING | LAND USE:

North: C-1 Commercial | Retail

West: C-1 Commercial | Retail

South: R-1 Single Family Residential | Low Density Residential
