

CITY COUNCIL MEMORANDUM

FROM: Public Works **DATE:** June 12, 2017
SUBJECT: Consider awarding Project RFB No. 17-016 to Ragle, Inc. for the construction of the Rufe Snow / Glenview Intersection Improvement Project (ST1201) in the amount of \$861,116.50.

PRESENTER: Caroline Waggoner, City Engineer

SUMMARY:

The City Council is being asked to award a construction contract for the Rufe Snow / Glenview Intersection Improvement Project (ST1201).

GENERAL DESCRIPTION:

On May 19, 2017, a bid opening was conducted for the Rufe Snow / Glenview Intersection Improvement Project. The project consists of paving and traffic signal work at the intersection of Rufe Snow and Glenview to accommodate the increased traffic flow accompanying the new IL Texas Charter School. The project also involves installation of a new traffic signal at the intersection of Glenview Drive and Chapel Park Drive, where the school's south access drive is located.

Rufe Snow Drive will be slightly widened along the west side of the roadway to accommodate a fifth travel lane. This additional lane will allow two through lanes in both the north- and southbound directions, in addition to a dedicated left-turn lane for both north- and southbound traffic. The signal on Glenview at Chapel Park will allow vehicles leaving the school to safely turn into and out of the school site.

Notice of the city's intent to bid was advertised in local newspapers, as required by state statute, and posted on the city's website. City staff and the design engineer also reached out to local contractors. Bid specifications were viewed on the city's website by multiple entities. At the original May 5th bid opening only one bid was received, so the opening was delayed for two weeks to encourage additional interest. Three bids were received at the May 19th bid opening, with the following results:

Name of Contractor	BASE BID
Ragle, Inc.	\$861,116.50
Fort Worth Civil Constructors, LLC	\$914,416.20
McClendon Construction Co.	\$924,888.40

There is sufficient funding in the City's CIP Budget for this project. Note that the cost of construction is being paid for with an 80/20 match with the Charter School wherein they pay for 80% of the project.

RECOMMENDATION:

Award Bid No. 17-016 to Ragle, Inc. in the amount of \$861,116.50 for construction of the Rufe Snow / Glenview Intersection Improvement Project and authorize the City Manager to execute such agreement.
