Subject: RE: Agreement for Execution - Clean Fleets N. Texas (TRN5077)
Attachments: Procurement Pre-Approval: N. Richland Hills purchase from Siddon-Martin Emergency Group

Importance: High

Billy,
I did want to loop back on this item. Even though you all have procurement approval, this approval is contingent **upon full execution of the agreement**. Execution of the agreement is authorization of the project to proceed. If you all initiate purchase of the fire trucks, without execution of the agreement those expenses are ineligible.

Do you all have an update on your signature of the agreement?

Emily,

I have forwarded your response to our city attorney. We appreciate your assistance with our accelerated timeline!

Thank you,

Billy Owens

Billy,
In coordinating with our attorney, since this project is straight forward (one purchase, one reimbursement) we'd like to leave the time for curing of defects at 10 days (Article 2.10). We are OK with the updates/revisions in Article 10.1. Attached is a redline version with those changes/comments notated. Additionally, I've attached a revised final version via PDF for the City to sign. This replaces previous version provided to the City on December 11, 2018 for signature.

Please do not hesitate to let me know if there are any questions or additional updates needed.

Respectfully,

Emily R. Beckham

Emily,

Here is the other document I was referencing. You said you would need to review it with your attorneys at COG.

Emily,

Our city attorney had a couple changes to the document.

Section 2.10 – See change

Section 10.1 – See change

Also, we have an accelerated timeline for our vehicle purchase because of a price increase scheduled to happen on February 1, 2019. We are planning to purchase the new fire engine in January through a Buyboard contact. We are currently working on that quote with the apparatus vendor to make sure everything is good to go. What needs to happen on the COG side of things to make sure we can purchase our new vehicle and be approved by the COG in January?

Billy,

Please find attached the agreement between the North Central Texas Council of Governments and North Richland Hills for the Clean Fleets North Texas 2018 Call for Projects for signature. Instructions for execution are included in the attached transmittal. Please do not hesitate to reach me at the contact information below if there are any questions.
