Kudos Korner:

Every Council Meeting, we spotlight our employees for the great things they do. Tonight we recognize:

Tommy Cryer in Building Inspections: Following an inspection for a new swimming pool, the property owner sent a note commending the city's building inspectors for their work to keep the community safe. "Not only are they working to provide safe and up to standards work, they are protecting the properties that are adjacent to the construction site," he said. He added that Tommy did a great job and he is glad the city has inspectors to make sure that safety issues do not get overlooked or neglected.
