As a HomeTown Resident, I would love to see these fine establishments in Walking distance to our neighborhood! We have such great walking paths with "not enough good choices" for a destination. These would be very welcome.

To whom it may concern,

I am a resident of Home Town. I live on Lake Way Mews. I operate my business here as well. I am writing to express my support for the zoning change being voted on May 2<sup>nd</sup> and May 13<sup>th</sup>. I hope you will do everything possible to help our community secure Whats on Tap Beer and Four Seasons Markets. We strongly desire to have more options within walking distance of our community and feel these would be great additions to our neighborhood.

Regards,

I think both of these would be an A+ to our great neighborhood. It would be nice to have activities that you can be outside. We enjoy breweries that have an outdoor patio and entertainment. It would be nice not having to travel to Ft Worth.

Attention: NRH Planning & Zoning Commission, and City Council:

We would like to vote in support the two new businesses who want to come to HomeTown:

- What's On Tap
- Saturday morning farmers market run by Four Seasons Markets

Thank you,

Ronald & Marjorie Brensinger  
8605 Passionvine Street  
NRH, TX 76180

May 2, 2019

Dear Mayor Oscar Trevino:

My name is Carolyn Leverett and I have owned and operated Sunny Street Café, located at 6021 Walker Boulevard, Suite 161, North Richland Hills in The Venue at Hometown, since 2008. I received a notice from my landlord that Four Seasons Markets is requesting a Special Use Permit to set up a farmer's market. This market is set to occupy 9,000 square feet of parking lot, 4,000 of which is located directly in front of my restaurant. This would occupy approximately 26 parking spaces every Saturday during our business hours. This space provides parking for many business owners, customers, employees, and residents of the apartments. If this market were to come to fruition, there would not be sufficient parking for the center's current business employee, customer, or tenant parking, and the planned 30 plus vendors for the farmer's market and the parking their employees and customers would require.

The elimination of these parking spaces would be devastating to my weekend business revenue and the ability to conduct business as usual. My loyal customers, a large portion of which are elderly, will not be able to easily access my business and will therefore, take their business elsewhere. Loss of income, equaling thousands of dollars, on any weekend day will jeopardize the profitability of my business and will put our ability to remain open in question. I employ 15 to 20 employees that depend on me and our loyal customers for their livelihood.

I am completely for growth and improvement of North Richland Hills, a place that I have called home for over 30 years, a place that has supported many of my businesses, including Sunny Street Café since January 2008. However, this growth and improvement cannot come at the expense of my business or my fellow business owners. This city has several great real estate opportunities that I feel would be a more appropriate place for the farmer's market including the North Richland Hills Library/Recreation Center parking lot and the Birdville Independent School District Fine Arts and Athletics Complex parking lot. These spaces are near my restaurant and will not impede on the viability of small businesses. I hope to continue to serve the community for many years to come. It is an absolute necessity that I continue to have the ability to offer ease and convenience to all of my customers.

Mr. Mayor please consider my plea for your assistance with this matter.

Sincerely,

A handwritten signature in black ink that reads "Carolyn Leverett". The signature is written in a cursive, flowing style.

Carolyn Leverett  
Sunny Street Café, Owner/Operator  
6021 Walker Boulevard, Suite 161  
North Richland Hills, Texas 76180

May 5, 2019

Mayor Trevino & NRH City Council Members:

My name is Rebecca Cuming and I co-own Keopatra Salon with Michelle Ward. Keopatra Salon has been in business at 6021 Walker Blvd., Ste 131 NRH in The Venue at Hometown since 2008, although the 6 cosmetologists and 2 nail technicians that currently operate their businesses in Keopatra Salon have all worked in NRH for many years before that.

We received notice from the landlord of The Venue on 4/22/2019 that Four Seasons Markets is requesting a Special Use Permit to set up a 9,000 square foot farmers market in the east parking lot to operate year round on the weekend days. This farmers market is to involve 30 plus vendors and take up 26 parking spaces in each front corner of the lot. Keopatra Salon faces Walker Blvd and there is very limited street parking close to the business, therefore many of our clients need to utilize the east parking lot; a parking lot also used by several other small businesses at The Venue for their customers, clients, employees, visitors to the apartments, etc. Parking is a consistent frustration for our clients and an issue we have spoken to the landlords about on several occasions. Eliminating 52 parking spaces for farmers' market vendors and adding the need for parking for their customers would make an already congested situation worse and negatively impact the small businesses currently located at The Venue and the livelihood of the people they employ.

The economic growth in NRH in recent years is exciting and the addition of a farmers market location would be welcomed, but not if it comes at the expense of our business and that of our neighbors here at The Venue. We are asking that you deny this Special Use Permit and thank you all for your help in this matter.

Sincerely,

Rebecca Cuming, Owner/Stylist

Michelle Ward, Owner/Stylist

Clayton –

Hello, I just wanted to send a “Letter of Support” for hosting the Farmers Market at Venue at Hometown, I believe this will be a great amenity for the property, residents and retail tenants.

As you know, we have made great strides on the Retail component of the property, recently adding a dedicated Commercial Property Manager, Jessica Inman (vCard attached) that will begin to handle the day-to-day retail responsibilities. Additionally, we have been very successful with the lease up at the property, having signed new leases at the property totaling 11,000sf which has increased our overall retail occupancy to 84%.

We view the type of Farmer’s Market event as something that will increase awareness of the property, and provide additional new customers to our retail businesses.

We are available to discuss any accommodations we can reasonably provide to assist in the logistics of hosting the Farmers Market (coordination of parking, temporary signage, etc.), to improve business activities at the property while serving as an amenity to our residents and the public that will be patrons of the market.

Thanks,

**Will Reed | Development and Asset Manager - Venterra Realty Corporate Office**
