

## PLANNING AND ZONING COMMISSION MEMORANDUM

**FROM:** Planning & Zoning Department **DATE:** October 17, 2019

**SUBJECT:** Presentation and demonstration regarding drainage and storm water management.

**PRESENTER:** Clayton Comstock, Planning Director

### **SUMMARY:**

Drainage and storm water management is a common discussion topic during zoning hearings and subdivision plat applications. The discussion ranges from general drainage patterns in large areas to specific drainage issues associated with a single development.

The work session presentation will include a general discussion of the city's watershed areas and floodplains, development regulations related to drainage, and detention and retention ponds.
